Index to Wallaces' Farmer and Iowa Homestead

Volume 81 **JANUARY TO DECEMBER, 1956, INCLUSIVE** **Numbers 1 to 24**

General Index

ACP "cost sharing" program of soil conservation practices announced for 1957, 7-21-56, p. 8
changes for next year, some, 9-15-56, p. 30
payments help part of practices not on own farm, 2-18-56, p. 60
pooling agreements, 2-18-56, p. 60
ASC, new rule, 4-21-56, p. 33
office busy, county, 7-7-56, p. 1
Accidents, corn picker, 10-6-56, p. 66
disorder causes many, 4-21-56, p. 75
hunting, carelessness main cause of, 11-3-56, p. 26
Acreage, allotments, will you comply with, 3-7-56, p. 1
compliance, things that affect, 2-4-56, p. 14
reserve, over million acres in, 9-1-56, p. 10
Agricultural conservation program, 1957, no change in basic policy from 1956, 9-15-56, p. 30
compliance, things that affect, 2-4-
conservation program, Paul Koger new head of, 2-18-56, p. 92
engineering field day, Iowa State College, 5-5-56, p. 72; 5-19-56, p. 67; 6-2-56, p. 49
Ag program, Ike outlines his, 1-21-56, p. 8
Agriculture stabilization and conservation committee, Iowa, 2 changes made, 10-6-56, p. 69
Aid to farmers, refuse quick, 2-4-56, p. 32
Air condition your house? 6-16-56, p. 39
Alcoholics need help, 2-4-56, p. 73
Alfalfa and brome grass, heavy growth, cut and left on ground does damage to stand, 7-21-56, p. 51
aphid, spotted, moves toward Iowa, 4-21-56, p. 8
August seeding brings even stands of 7-21-56, p. 51
August seeding of, ground preparation for, 7-21-56, p. 51
best way of saving first crop of, 5-19-56, p. 41
early cut, makes highest quality hay, 5-19-56, p. 41
first crop, suggestion for fast cure of, 6-2-56, p. 24
new pest for, 4-21-56, p. 8
pest, Iowa has new, 10-6-56 p. 49
seed, harvest time for, 8-18-56, p. 78
seedings better than other legumes in dry periods, 2-18-56, p. 24
stand, six plants per square foot best, 4-21-56, p. 33
stands, poor, best method to use for, 3-3-56, p. 57
varieties recommended by Iowa State College, 2-4-56, p. 18
Vernal, Iowa State College tests, 2-4-56, p. 18
Vernal, showed up well in Central Iowa tests, 3-3-56, p. 57
Vernal, stands out, 2-4-56, p. 18
Ambassadors, grass roots, in foreign countries, act as, 11-17-56, p. 45
American Farm Bureau Federation Farm Policy Resolutions, 1-7-56, p. 6
Amino triazole, new chemical for killing Canada thistles, 8-18-56, p. 78
Ammonia fumes, thin egg whites caused by, 12-15-56, p. 15
Anderson, W. C., dies, 7-21-56, p. 53
William C., West Liberty, Iowa, Master Farmer died July 7, 7-21-56, p. 50
Angus officers, Iowa, 3-17-56, p. 108
Animal, dead, rendering plant is place for, 8-4-56, p. 36
Animals, check every day for at least 3 weeks, 10-6-56, p. 38
comfortable, make best use of feed, 5-19-56, p. 41
dead, dispose of at once, 4-7-56, p. 5
predatory, how keep out of poultry houses, 8-4-56, p. 17
Antibiotics fight plant diseases, 4-21-56, p. 73
Aphid, spotted alfalfa, worst enemy of alfalfa, 10-6-56, p. 49
Apples, store in cool, moist place, 10-20-56, p. 40
Appointments, new, by Secretary Benson, 12-15-56, p. 32
April pigs, start breeding sows in December for, 12-1-56, p. 16
Arthritis, if bred sows have, 3-17-56, p. 81
more farmers than any other occupation suffer from, 8-18-56, p. 84
Atomic energy turned loose on field of fertilizer, 11-3-56, p. 52
research for farmers, 10-20-56, p. 30
science promises to farming, for the future, 10-20-56, p. 31
Aureomycin treated calves reduced liver abscesses, 5-5-56, p. 56
Awards, National Assn. of County Agricultural Agents, 11-3-56, p. 54
Back bother you? does your, 4-7-56, p. 70
Backfat measurements in sows or boars, suggestion regarding, 4-21-56, p. 33
measurements on boars, don't be, misled on, 11-17-56, p. 21
back fat on gilts, measure, 6-16-56, p. 31
thickness on boar should be considered with age, 11-17-56, p. 40
Baler twine wrapping around manure spreader beater, to prevent, 8-18-56, p. 78
Band seeding grass and legumes two big advantages of, 3-3-56, p. 30
seeding, home-made unit for, 3-3-56, p. 30
Bang's disease, two reasons hog raisers interested in knocking, out, 5-19-56, p. 58
moves ahead on voluntary basis, country-wide control of, 4-7-56, p. 52
Banker says "no," when your, 3-17-56, p. 50
Barley crop down around 40 million bushels from last year, 9-15-56, p. 66
stocks, U. S., April 1, 5-5-56, p. 26
supply for coming feeding season less than last year, 10-20-56, p. 84
Barn, dairy, 91 years old, 4-7-56, p. 34
with milking parlor arrangements of (Sketch), 3-17-56, p. 105
Barnyard diplomats, 3-3-56, p. 26
Barrow carcasses dressed out, how, (Chart)., 10-20-56, p. 34
champions dressed out, how, 10-20-56, p. 34
show, at National, 10-6-56, p. 40
show, Berkshire gets grand champion honors at, 9-15-56, p. 14
show, midwest, Fremont, Nebr., March 17, 3-3-56, p. 93; 3-17-56, p. 101.
show, Minnesota State Spring, February 23-25, 1-7-56, p. 32; 1-21-56, p. 58; 2-4-56, p. 74; 2-18-56, p. 94
show, National, Austin, Minn., Sept. 11-14, 8-4-56, p. 53; 8-18-56, p. 84; 9-1-56, p. 65
show, National, entries close, Aug. 20, 8-4-56, p. 53
Barrows from 1956 Iowa State Fair, compare carcasses of winning, 10-20-56, p. 34
grand champion pen of, at Minnesota State Spring barrow show, 3-17-56, p. 61
reserve champion pen of, at Minnesota State Spring barrow show, 3-17-56, p. 61
Basketball tournament, boy's, Wallace's Farmer and Iowa Homestead brings, 3-3-56, p. 28
tournament? did you see the, 4-7-56, p. 68
tournament, Wallace's Farmer and Iowa Homestead sponsor, 3-7-56, p. 11
Battery, storage, in tractor, proper care of, 2-4-56, p. 34
tractor, if not used, remove and store, 12-1-56, p. 16
Bean seed for germination, time to test, 4-7-56, p. 50
Beans? per acre left on ground, to figure, 9-15-56, p. 61
who got profits in, 5-19-56, p. 58
Bearings, worn, mostly result from lack of grease, 3-17-56, p. 56
Bee colonies, Iowa farms, July 1 estimated at 155,000, 8-18-56, p. 84
Beekeepers, Iowa, meet May 8 and 9 for 36th annual short course, 5-5-56, p. 72
Beef calves fed than market pigs by 4-Her's, three times more, 8-18-56, p. 51
carcasses, ideal, 6-16-56, p. 31
consumption expectd per person in U. S., 9-1-56, p. 65
cuts, tender juicy, without wasteful overfattening, 1-7-56, p. 18
herd, feed required for one animal for one year plus pasture in, 11-17-56, p. 26
pork and mutton, provide funds for promotion of, 5-5-56, p. 26
pounds of, produced by acre of Brome-Alfalfa per year, 10-20-56, p. 41
projects, Four-H, face facts about, 2-4-56, p. 40
show smaller, state fair, 9-15-56, p. 92
supplement, fast gains on economy, 10-6-56, p. 48
Benson announced dairy supports to continue at current levels, 3-3-56, p. 93
doing, how's, 6-16-56, p. 56
farm vote on, 10-20-56, p. 46
Mr., hold on to your hat, 1-21-56, p. 14
what farmers think of, 1-21-56, p. 14
Benson's words stir comment, 6-2-56, p. 21
Benson yields on wheat price, 7-12-56, p. 8
Beresford, Rex and Quaife, E. L., Veteran Animal Husbandmen, I.S.C., Ames, June 7, recognition dinner for, 6-2-56, p. 49
Berkshire tops barrow show, 9-15-56, p. 14
Birds, white, don't shoot big, 10-6-56, p. 49
Bliss, R. K., received high award, 12-1-56, p. 38
Bloat, high-producing cows often first to, 5-5-56, p. 6
precaution to take in preventing, 5-5-56, p. 6
risk, point to practices that may reduce, 5-5-56, p. 6
safety measure against, 4-7-56, p. 50
worried about, 5-5-56, p. 6
Bluegrass seed production, Iowa's 1955, 2-4-56, p. 74
Boar, meat type, get feed efficiency and fast gain in, 8-4-56, p. 11
17-56, p. 11
testing station open April 1, 3-17-56, p. 11
records helped sell, 10-6-56, p. 41
better testing station helps find, 8-4-56, p. 11
Board bill, says U. S. owes big, 8-18-56, p. 34
Boars, early, advantages of buying, 9-15-56, p. 61
early buyers get best individual, 9-15-56, p. 61
old, should be penned separately when shipped to market, 6-16-56, p. 34
test, from nine breeds, 10-20-56, p. 25
tested, sell good, 9-1-56, p. 69
when to take backfat measurements on, 11-17-56, p. 21
young, should be 8 to 9 months at breeding time, 9-15-56, p. 61
bombing, fallout areas from simulated (Map), 11-3-56, p. 28
Bombs would hit farmers too, 11-3-56, p. 28
Books and bulletins:
Record book, 1-7-56, p. 18; 1-7-56, p. 28; Farmers Tax Saver 1-21-56, p. 26; Farmers Tax Saver, Farmers Tax Saver, 2-4-56, p. 35; Farmers Tax Saver 2-18-56, p. 34; Farmer Tax Saver, 3-3-56, p. 34; Farmers Tax Saver, 3-17-56, p. 75; "Dairy Dilemma," 3-5-56, p. 64; the price of beef, U. S. Dept. of Agriculture, 6-2-56, p. 13; Grasshopper Control Pamphlet, 7-7-56, p. 32; Corn and Its Early Fathers 10-6-56, p. 47; Account Book, With Income Tax Information 12-1-56, p. 18; 12-15-56, p. 16
Borden awards received by dairy scientists, 7-7-56, p. 25
Borer numbers are down, 5-19-56, p. 54
Borers and hoppers potential threat to 1956 crops, 3-3-56, p. 36
check fields for, 6-16-56, p. 60
feed in whorl of corn plant, 5-5-56, p. 42
plant late to avoid, 5-5-56, p. 42
this fall, fewer, 11-3-56, p. 52
Boron, blank stalks and barren ears in corn can be caused by shortage of, 12-11-56, p. 25
Brakes on car or truck, sump, for safety on icy roads, 2-4-56, p. 34
Brannan plan, recalls, 3-3-56, p. 88
Bread, cost of moving loaf of, across city vs North Dakota to east coast, 10-6-56, p. 29
price jumped 7.3 cents since 1946, 10-6-56, p. 29
to store, put into refrigerator freezing unit or freezer, 1-21-56, p. 30
Break, take a, for safety, 5-19-56, p. 1
Breaks, 5 min., may prevent accident, 8-18-56, p. 78
Breeding, artificial, frozen semen overcomes big objections to, 11-17-56, p. 24
offers possibilities regarding tender, juicy beef cuts, 1-7-56, 18
stock, when buying look at herd as well as the individual, 9-15-56, p. 61
Bridges, covered, in Iowa, 9-15-56, p. 56
Broilers fed animal fats weighed 3.19 pounds at 8 weeks, 8-4-56, p. 56
Broiler production getting more efficient, 3-17-56, p. 77
Brome-Alfalfa pasture can produce about 160 pounds of beef per acre per year, 10-20-56, p. 41
Bromegrass, mix with ground corn cobs for even job of seeding, 3-3-56, p. 57
seed production, Iowa, estimated at 1,300,000 pounds clean seed, 10-20-56 p. 74
Brooder house, ventilate well, don't over crowd to prevent dampness, 5-5-1956, p. 38
Brucellosis by areas, control, 4-7-56, p. 52
control program in your county, how get, 4-7-56, p. 52
eradicate, by 1960, 4-7-56, p. 67
helps to control, 10-20-56, p. 47
hits you, when, 6-16-56, p. 29
in cattle reduced below average in 4 Iowa counties, 9-15-56, p. 93
separate cows from wine to prevent, 4-7-56, p. 50
wipe out, 5-19-56, p. 58
Bruise losses on livestock and hogs runs high, 10-6-56, p. 56
Bruised animals, buyer has three choices when considering, 10-56, p. 50
Brushes, paint, proper care of, 8-18-56, p. 80
Bug killer, dry, controls clover weevil, 3-17-56, p. 56
Buildings, dress up your, 9-1-56, p. 40
Bulbs in barns or outbuilding, reduce fire danger with glass globe around, 2-18-56, p. 30
spring flowering, suggestions for planting, 11-3-56, p. 22
Bull that gained fast, get, 6-2-56, p. 43
Butchering, home, big cut in, 4-7-56, p. 46
Butterfat floor raised, 5-5-56, p. 11
Buttermakers contest, Iowa State Fair, Aug. 24-Sept. 2, 8-4-56, p. 53
C.B.F.F.F.D., map showing primary roads leading to site of (Sketch), 6-2-56, p. 25
exhibits assured for, 6-2-56, p. 25
CDAA and CDEC two new chemicals for grassy weeds, 1-7-56, p. 20
Cable Treater (Sketch), 5-19-56, p. 18
Cadmium oxide used in worming pigs, 5-5-16, p. 29
Calf crop, big, in 1955, 3-17-56, p. 11
deborning and castrating can be done after fly season, 9-15-56, p. 61
feeding tests, 2-4-56, p. 38
management practices, top dairymen asked about, 3-3-56, p. 44
rations properly balanced can be reduced without harmful effects, 6-16-56, p. 34
Calves, beef, heaviest from cows four to nine years old, 9-1-56, p. 32
born on farm, doing well if you save 8 out of 10, 2-4-56, p. 34
can be fed silage according to South Dakota Experiment Station tests, 4-7-56, p. 32
creep fed, vs. grain fed weaning, 6-2-56, p. 24
dairy, amount of salt needed by, 2-18-56, p. 30
dairy, do best one calf to pen, dairy, what's best for, 3-3-56, p. 44
deborned electrically, little chance for infection if, 4-21-56, p. 67
feed, grain and protein, 2-4-56, p. 38
feed lot record is best indication for value of bull, 9-1-56, p. 32
hand-fed, suggestion for cutting losses in, 3-17-56, p. 56
hand-fed, when to feed silage and turn on pastures, 9-1-56, p. 32
how to raise more, 10-20-56, p. 25
inherit tendency to fast gains at low feed costs, 3-17-56, p. 56
marked, data kept will give indication on which cows to cull, 3-17-56, p. 56
newborn, suggestions for handling, 3-3-56, p. 44
puzzled by death of, 4-7-56, p. 59
rate of gain and efficiency in feed use highly inheritable, 6-2-56, p. 43
ration which produced fastest and cheapest gains on, 1-21-56, p. 30
total, born on Iowa farms last year, 3-17-56, p. 11
unthrifty, may have worms, 10-20-56, p. 40
Campaigns for giving, how often contribute to, 9-15-56, p. 8
Cancer, bone, radioactive strontium 90 causes, 11-3-56, p. 28
Canada thistle, new chemical for, 1-7-56, p. 20
thistles, spray now and when regrowth appears, 6-16-56, p. 14
Car, home-made, from junk parts, 8-18-56, p. 50
Carcass grades for sows, 5-19-56, p. 25
meaty, standard for comparing, 8-4-56, p. 11
with highest cut-out value, 10-6-56, p. 71
Career for your son, non-farm, 3-17-56, p. 13
Car or tractor motor on cold mornings, suggestions for starting, 1-7-56, p. 18
Cars Iowa farmers drive, survey regarding, 4-7-56, p. 101
Carotene, cows soon to freshen should be provided with, 1-21-56, p. 30
in feed very necessary until grass comes, 2-4-56, p. 34
Cart, barbed wire, 5-5-56, p. 36
Castrate or deborn calves, best time to, 2-18-56, p. 30
pigs when four to five weeks old, 10-6-56, p. 32
Catholic rural life week, National, March 16-22, 3-3-56, p. 93
Cattle and buyers both plentiful, 10-6-56, p. 15
and calves accounted for 16.7 percent U.S. farmer's cash receipts, 1955, 8-18-56, p. 84
and calves at all-time high, 3-3-56, p. 11
and calves in fattening yards below totals of year ago, 5-5-56, p. 22
and calves slaughtered each year since 1938, total (Chart), 3-3-56, p. 11
and calves in U. S. each year since 1938, total (Chart), 3-3-56 p. 11
and hog fattening when fed in cool place, 8-4-56, p. 17
Angus, Missouri, Iowa, Illinois led other states in registration of purebred, 11-17-56, p. 45
beef, need dry roughage in winter, 11-3-56, p. 22
breeders, prize money at Iowa State fair to go to, 6-16-56 p. 67
cheap, to feed, fatten for March or April, 11-3-56, p. 22
congress at Waterloo, 10-20-56, p. 8
dairy, place lots of emphasis on proper feeding of, 2-18-56, p. 70
danger of putting on full feed of corn, 11-17-56, p. 40
events scheduled at Chicago stockyards, 8-18-56, p. 84
farmers feeding fewer, 5-5-56, p. 22
fat, sold after mid-June made money for feeder, 11-3-56, p. 46
fattening, feed requirments for, 11-17-56, p. 26
fattening, ration roughage for 12-1-56, p. 16
feed, in dry lot longer this spring, 3-7-56, p. 56
feed, with less work, 12-15-56, p. 9
feeder, big numbers on farms and ranches threat to buyers of, 9-1-56, p. 36
feeder, buy to fit feed, 11-3-56, p. 22
feeder, health suggestions, 10-6-56, p. 28
feeder, than same months last year, farmers received more, 10-6-56, p. 15
feeder, to farms, indications of heavy early movement of, 10-6-56, p. 15
feeder, when buying look at eyes and jaws, 10-6-56, p. 38
feeders day, Indiana, Purdue University, Lafayette, April 27, 4-21-56, p. 81
feeders "hey" day, Iowa State College, Oct. 17, 9-1-56, p. 65
feeders optimistic this fall, 9-15-56, p. 1
feeders, what's ahead for, 11-3-56, p. 46
feeding experiments, Nebraska Researchers report results in, 5-5-56, p. 56
feeding lots, arrange to avoid muddy, 12-1-56, p. 16
feeding profits, 1957, prediction below 1956, 12-1-56, p. 38
feeding test at Indiana experiment station, 6-16-56, p. 43
feeding tests with Stilbestrol summarized, 9-1-56, p. 20
fewer, in most classes at Iowa State Fair, 9-15-56, p. 92
gains increased with cool water, 6-2-56, p. 24
grub, new killer for, 6-2-56, p. 33
heavy, slow gains unprofitable on, 12-1-56, p. 16
light fed, vs. heavier fed cattle, 9-15-56, p. 14
lowest cost, put on full feed from start, 12-1-56, p. 23
moving fast stockyards visit shows, 10-6-56, p. 15
on feed in 13 major feeding states than year ago, more, 11-3-56, p. 46
on feed, safe way to start, 9-15-56, p. 61
on full feed of shelled corn, plan for putting, 11-17-56, p. 40
prices, fat, tumbled in '55, 2-18-56, p. 36
production cycles since 1880 (Chart), 9-1-56) p. 36
stalk fields with protein rations good for, 11-3-56, p. 22
supplies, fat, likely pattern of changes in, 11-3-56, p. 46
to be fattened can clean corn in picked fields, 10-20-56, p. 40
surplus built up, 9-1-56, p. 36
well-wintered, made cheapest gains in I.S.C. tests, 10-6-56, p. 38
western, open shed best for, 12-1-56, p. 16
young, immediate investigations should be made into sudden death of, 6-16-56, p. 34
Cattlemen's Association convention, American National, January 9-11, New Orleans, La., 1-7-56, p. 32
Association convention, American National, Phoenix, Ariz., Jan. 7-9, 12-1-56, p. 38; 12-15-56, p. 32
Cents, two, how to earn, 9-1-56, p. 42
Chains help through slippery spot of mud or ice, 3-3-56, p. 22
Check-Off be used? how should, 3-3-56, p. 87
to boost sales, 8-18-56, p. 48
Checks, advice for endorsing, 11-3-56, p. 22
Cheese, five ounces, equal to one quart milk, 12-1-56, p. 16
moldy, isn't necessarily spoiled, 7-7-56, p. 35
Chemical, new, for controlling Canada thistle, 1-7-56, p. 20
Chemicals, insect killing, suggestions for keeping through winter, 11-3-56, p. 22
to combat crop insects, 3-3-56, p. 36
weed-killing or insect-killing, right dosage important when using, 4-21-56, p. 16
Chicago stockyards during September and October, 4 special cattle events at, 8-18-56, p. 84
raising equipment, suggestion for storing, 5-19-56, p. 33
Chicks for laying flock replacements? How many, 2-18-56, p. 30

go down, why, 3-3-56, p. 65
have arthritis, if bred, 3-17-56, p. 81
late spring, might better be sold for meat, 3-3-56, p. 83
old, bring best price when smoothed up, 7-7-56, p. 35
or gilts bred now will farrow in February, 10-20-56, p. 40
reach peak in milk production 3 to 5 weeks after farrowing, 1-21-56, p. 30
two risks involved in holding, 7-21-56, p. 51
Spark plugs for tractor, get proper, 8-18-56, p. 78
Sparrows and pigeons should be screened from poultry house, 10-6-56, p. 38
Speaking contest, rural youth public, winner of statewide, 2-4-56, p. 74
Speed limits on highways, Iowa farmers ask again for, 10-20-56 p. 56
Spray materials should be labeled and stored, 7-21-56, p. 51
solution, don't skimp on, 7-21-56, p. 29
Sprayer applies per acre, to calculate how much liquid, 4-21-56, p. 16
how to calibrate, 4-21-56, p. 16
thoroughly clean to remove chemicals, 10-6-56, p. 38
Spraying corn for weeds, advantage of, 5-19-56, p. 20
Sprays, malathion or methoxychlor for vegetables, 7-7-56, p. 35
Spider, black widow rare in U.S., 8-18-56, p. 78
Spring clean up reduces hazards and looks better, 4-21-56, p. 33
Squirrels, ground, poison, 4-21-56, p. 75
Stairways hazards, 12-15-56, p. 15
Stalk fields can stretch hay supply for beef cattle, 10-20-56, p. 74
field forage, pasturing easiest way to make use of, 10-20-56, p. 74
fields alone poor fed for cattle, 11-3-56, p. 22
Stalls, individual, better for calves up to 6 weeks, 4-7-56, p. 50
Stanchion for silo, 3-3-56, p. 88
Steer, grand champion, American Royal livestock show, 11-3-56, p. 54
grand champion, C. E. Yoder & Sons show, 2-18-56, p. 94
grand champion, National Western livestock show, 2-4-56, p. 74
Steers and heifers, bef, winter ration for, 10-20-56, p. 40
better bet than heifers for longer feeding periods, 8-18-56, p. 41
on pellets, meal, test, 3-3-56, p. 69
or heifers? which to feed, 8-18-56, p. 40
Stevenson-Kefauver leading Ike-Nixon, 10-6-56, p. 18
lists farm goals, 10-6-56, p. 26
Stewart, C. E. killed Sept. 20, 10-6-56, p. 69
Stilbestrol for cattle, feeding versus implantation of, 10-6-56, p. 64
here's more on, 9-1-56, p. 20
boosted gains and efficiency in Nebraska cattle feeding tests, 5-5-56, p. 56
college gets patent on, 5-19-56, p. 72
make best use of, 5-5-56, p. 56

meat completely safe to eat from cattle fed, 11-17-56, p. 23
need less protein with, 10-20-56, p. 81
ration for fattening cattle, 3-3-56, p. 57
saves feed but not time in fattening beef animals, 4-21-56, p. 23
Strawberries, oat straw commonly used for mulching, 9-1-56, p. 73
Students, college can work and still be $600.00 deductible on parent's income tax, 7-21-56, p. 51
Stump sprouts can be prevented by spraying with 2,4-D or 2,4,5-T, 3-3-56, p. 57
Subscription price to Wallace's Farmer and Iowa Homestead deductible on income tax, 2-4-56, p. 34
Subsoil, dry, dimming chances for big corn yields, 2-18-56, p. 18
dry, threatening shrubs and evergreens, 10-20-56, p. 40
moisture at dangerous low, 5-5-56, p. 14
moisture samples taken at various points (Map), 5-5-56, p. 14
moisture very low, 3-17-56, p. 22
Subsoiler, chisel-type, loosens soil below plow level, 10-6-56, p. 38
Subsoiling, advantages of, 11-17-56, will it pay? 11-17-56, p. 11
Suckers on sweet corn, removing does more harm than good, 7-21-56, p. 51
Sudan grass will make pasture 6 weeks after planting, 6-2-56, p. 24
Superphosphate on barn floors gives better footing, 12-15-56, p. 15
Supplement, Iowa economy beef, Dr. Wise Burroughs hails, 10-6-56, p. 48
Iowa economy, Dr. Wise Burroughs reports on, 10-20-56, p. 13
Iowa economy, yearlings gain three pounds per day on, 10-20-56, p. 13
three alternatives for feeding, 4-21-56, p. 72
plan, suggests, 2-4-56, p. 30
Supports for hogs, ask, 4-21-56, p. 52
Surplus commodities distributed to Iowa schools, 11-17-56, p. 1
good place for, 11-17-56, p. 1
Surpluses in 1956? will there be, 4-21-56, p. 38
Sweet clover weevil, college test on control of, 3-17-56, p. 40
Swanson, Russell, new district extension supervisor for Iowa, 8-18-56, p. 84
Swim, safe place to, 8-4-56, p. 1
Swine expert, British, prefers seven to ten day weaning for pigs, 5-5-56, p. 62
growers' day, Illinois, Illinois College of Ag., March 29, 3-17-56, p. 101
herds, good housekeeping can control disease in, 2-18-56, p. 6
producer's day, annual, February 20, 1-21-56, p. 58; 2-4-56 p. 74; 2-18-56, p. 94
producers named, master, 12-15-56, p. 25
testing station, Iowa, pigs going on test at, 10-20-56, p. 25
2,4-D treatment, for thistle patches, 6-16-56, p. 14
TGE in baby pigs, study, 4-7-56, p. 73
kills 90 percent of pigs under 10 days, 4-21-56, p. 33
Tag on feed bag, read, 2-18-56, p. 30
Tail countersunk, indicates pig is too fat, 4-21-56, p. 33
Tank, stock, boxed-in, keeps trash out of water, 3-17-56, p. 40
Tax capital gains, on dairy or breeding stock, 8-18-56, p. 78
exemption for college students, 7-21-56, p. 51
filing, few can avoid, 1-21-56, p. 26
mistakes cost money, 2-4-56, p. 36
no, on forced sales of dairy and breeding stock, 12-1-56, p. 18
no income, on forced sale, 8-18-56, p. 53
on trades, no income, 1-17-56, p. 28
program of farm bureau, summary of, 12-15-56, p. 6
property, Iowa, second installment due this month, 9-15-56, p. 61
refund, gas, can be claimed by operators only, 9-1-56, p. 32
relief for stockman, rules to observe to qualify for, 8-18-56, p. 53
relief on sale of breeding herds due to drouth, 8-18-56, p. 53
return, depreciate land on, 3-17-56, p. 75
return income, five errors not to make on, 2-4-56, p. 36
return, income, information regarding filing, 1-7-56, p. 18
return, income, must be filed by February 15, 2-4-56, p. 34
return, question farmer's, 3-3-56, p. 34
sales, farm bureau wishes to retain 2½ percent, 12-15-56, p. 6
time, good records save money at, 4-7-56, p. 72
time of sale affects, 12-15-56, p. 16
Taxes, gas, to refund U. S., 4-21-56, p. 32
trade or sell tractor to save income, 1-7-56, p. 28
Teach 'em to read? how, 6-2-56, p. 40
Team pulling contest at Iowa state fair, 7-21-56, p. 50
Teats, sore, help for cow with, 11-3-56, p. 35
Telephone and radio helpful in getting market prices, use of, 1-21-56, p. 30
Tenancy, joint, legal aspects of owning property in, 7-21-56, p. 49
Tenant can't live poorly and farm well, 2-18-56, p. 64
what do you want from your, 2-4-56, p. 51
Termites, control, get estimates for, 8-4-56, p. 17
Termite control, four points in undertaking, 8-18-56, p. 69
control job, five steps to follow for complete, 8-18-56, p. 69
exterminators, fraudulent, 8-18-56, p. 69
Terraces now, easier to farm, 9-1-56, p. 43
parallel compared with conventional terraces, 9-1-56, p. 43
Tetanus protection needed, 5-19-56, p. 57
Thimet, new systematic insecticide, 3-3-56, p. 90
Thistle, Canada, slow kill best for, 8-4-56, p. 17
Thistles, Canada, need two sprayings, 7-21-56, p. 51
Canada, suggestion for eradicating, 5-5-56, p. 33
don't give up on, 6-16-56, p. 14
ing, 9-1-56, p. 32
Threshed, how grandpa, 9-1-56, p. 56
Thyroxine produce more milk, lambs which secrete most, 3-3-56, p. 24
Tile drain beyond end of tile line, engineers estimate distance, 4-7-56, p. 9
drainage can pay fast, 4-7-56, p. 83
lines, make map of new, 11-17-56, p. 40
Time do you get up, what, 8-18-56, p. 44
Timesaver, putting tools away when finished with them, 3-3-56, p. 57
Timothy seed with large percent hulled likely to show poor germination, 1-21-56, p. 30
Tires, extra life for, 4-7-56, p. 10
rubber, blocked up machines save, 12-1-56, p. 16
three factors sensibly applied will give longest possible life to, 4-7-56, p. 10
to get longest possible life from, 4-7-56, p. 10
tractor, for longer life from, 4-21-56, p. 47
tractor, use pressure gauge to keep proper amount of air in, (Sketch), 6-16-56, p. 34
Tomatoes for Christmas, 10-20-56, p. 37
Tonsils or adenoids need removal, if, don't delay, 11-17-56, p. 23
Tools put away promptly saves time, 3-3-56, p. 57
Town, when you go to, 4-7-56, p. 106
Traction, get more, 3-3-56, p. 22
Tractor accidents, number one cause of, 8-18-56, p. 45
don't get hurt by, 4-21-56, p. 36
engine life, stretch, 5-5-56, p. 46
engine performance, three factors required for good, 4-7-56, p. 6
engine, service air cleaner often on, 5-5-56, p. 46
engine at full throttle, three reasons for operating, 5-19-56, p. 24
engines warm, keep, 5-5-56, p. 44
from dust, protect, 7-21-56, p. 29
fuel, best bets for saving, 4-21-56, p. 24
fuel for you, which, 5-19-56, p. 36
fuels, advantages and disadvantages of various, 5-19-56, p. 36
gadget saves operator getting off tractor, 2-4-56, p. 49
gasoline, to diesel or LP gas, will it pay to switch from, 2-18-56, p. 60
gear case and differential, recommend annual change of grease in, 3-17-56, p. 56
high speeds dangerous near ditches, 8-4-56, p. 17
ignition, check over your, 4-21-56, p. 18
in peak condition means lowest operating costs, 4-7-56, p. 6
low step welded to, for convenience in climbing off and on, 11-17-56, p. 38
LP or diesel, to reduce costs, 4-21-56, p. 16
more "fire" for your, 4-21-56, p. 18
motors, use of water in radiators of, 4-7-56, p. 50
motors, valve rotators recommended for, 4-21-56, p. 47
ready for summer, four suggestions to follow when getting, 5-5-56, p. 44
ready for winter get, 10-20-56, p. 76
rodeo championship, corn belt, 6-16-56, p. 45
rules to follow when operating, 4-21-56, p. 36
too hungry? is, 4-21-56, p. 24
traction, easy answer to, 3-3-56, p. 22
track planting, four-row, 5-19-56, p. 68
track planting recommended for corn, 4-21-56, p. 68
valve trouble, avoid, 9-15-56, p. 54
trolley will carry you to field demonstrations at farm family show, 6-16-56, p. 26
Tractors idled through winter need new, 3-3-56, p. 57
old, never die, 3-17-56, p. 38
operated by United States farmers, 3-17-56, p. 81
health check for, 6-16-56, p. 25
power steering for, 9-15-56, p. 40
should youngsters drive, 3-3-56, p. 68
Trailer bed tilts to allow ground-level loading, 9-15-56, p. 22
Traps, good, mouse, hawks, owls, skunks, foxes, 3-3-56, p. 57
Trays, ice cube, make good feed trays for chicks, 4-21-56, p. 33
Tree plantings of 2 acres or more may qualify for soil bank payments, 10-6-56, p. 38
plantings should be planned and orders placed for trees, 2-4-56, p. 34
stumps should be treated with chemicals to prevent sprouting, 11-17-56, p. 40
wounds can be dressed with asphalt paint, 6-16-56, p. 34
wounds, treatment of, 8-4-56, p. 17
Trees, apple and cedar, should be planted mile apart. 6-16-56, p. 34
apple and pear, dwarf, plant 15 to 20 feet apart, 3-17-56, p. 56
evergreen, can be transplanted safely in fall, 10-6-56, p. 38
for windbreak purposes should be set far enough apart for mowing, 8-18-56, p. 78
need more water than usual due to dry subsoil, 5-5-56, p. 33
need winter shade, some, 10-20-56, p. 78
pint sized fruit, 3-3-56, p. 95
should be watered during dry spell, 7-7-56, p. 35
that clog tile lines, 11-17-56, p. 40
young, cultivate to start rapidly, 6-2-56, p. 24
Trucks, ventilate, first hot days for hogs in transit, 5-5-56, p. 33
Tularemia or rabbit fever, take precautions against, 11-17-56, p. 45
Turkey crop, record, grown this year, 12-1-56, p. 38
production in Iowa increasing for several years, 11-17-56, p. 21
production in Iowa, 1955, 10-20-56, p. 18
production, three leading states, Iowa, California, Minnesota, 12-1-56, p. 38
show, northern states, Minn., Alexandria, Dec. 4-6, 12-1-56, p. 38
Turkeys in confinement easier to care for, 11-17-56, p. 21
takes money to grow, 11-17-56, p. 26
Twin, identical, dairy heifer herd, Iowa's first, 9-1-56, p. 65
Udders of dairy cows, clip for easy cleaning, 12-15-56, p. 15
Undulant fever may be gotten from newborn pigs, 3-3-56, p. 57
fever, to protect yourself and family from, 5-19-56, p. 58
Vaccinate 'em now, 5-5-56, p. 1
your hogs, why, 7-7-56, p. 6
Vaccinating pigs, recommended age for, 10-6-56, p. 32
Vaccination for cholera is insurance against hog loss, 7-21-56, p. 51
is cheap insurance, 5-5-56, p. 1
Vaccine injected in cows carries through in milk, 9-15-56, p. 70
Vacuum cleaner for field use, 9-15-56, p. 69
Valve rotators in tractor engine prevent valve failures, 9-15-56, p. 54
Vegetables best for freezing, 6-16-56, p. 34
Veishea, Iowa State College, May 10, 11 and 12, 1956, 5-5-56, p. 72
Ventilation, improved, will increase rate of lay during hot weather, 7-7-56, p. 35
Vesicular exanthema (VE), hog disease, stamped out in California, 5-5-56, p. 72
Veterans' group asks livestock supports and 1956 corn allotments, 3-3-56, p. 28
Veterinary diagnostic laboratory at Iowa State College, diagnosis from 4-7-56, p. 58
Veto, Ike's 43 percent approved, 45 percent objected, 6-2-56, p. 14
Ike's, how farm men voted on, 6-2-56, p. 14
threat by Benson, 4-7-56, p. 9
Vo-ag class, learn to trim costs in, 2-4-56, p. 1
Vote, farm, for congress, 7-21-56, p. 42
on December 11, how will you? 12-1-56, p. 40
on Ike, Adali, 8-4-56, p. 18
will count, your, 11-3-56, p. 1
Voting time, 10-20-56, p. 55
Wage, average monthly, compiled by Iowa Crop and Livestock reporting service, 8-4-56, p. 53
Wages, average farm, on Iowa farms January 1, 1956, 2-4-56, p. 74
Wagner Kenneth, West Liberty, Iowa new chairman of Iowa soil conservation committee, 6-6-56, p. 67
Walk, concrete, how to fix crack in, 8-18-56, p. 8
Wall, handy suggestions for patching hole in, 9-15-56, p. 38
Wallow, portable, build pigs, 8-18-56, p. 52
Wallows help pigs gains, 6-2-56, p. 43
War III, World, be two day affair, will, 9-15-56, p. 88
what kind of, 9-15-56, p. 88
Warfarin bait, costs pennies to feed rats with, 8-18-56, p. 45
Washer, automatic, can almost eliminate washday, 1-21-56, p. 30
automatic, follow manufacturer's directions when using, 11-3-56, p. 22
Water around roots of young trees may need to be repeated weekly, 5-5-56, p. 33
conserve, on fields to get full use of fertilizer, 5-19-56, p. 41
cool, for cattle, increased summer time gains, 6-2-56, p. 24
cups with new valves, gaskets and proper adjustment, fix leaky, 10-20-56, p. 22
equivalent in snow varies, 1-21-56, p. 30
farms with too much, 10-20-56, p. 50
farmers hauling for livestock and household use, 3-3-56, p. 1
hauling lots of, 3-3-56, p. 1
heated, for dairy cows, reduces feed requirements, 2-4-56, p. 34
important as roughage and concentrates for dairy cows, 6-2-56, p. 53
into your soil, get more, 2-18-56, p. 18
lack of, reduce egg production, 12-15-56, p. 15
needed by cow in heavy production, 8-4-56, p. 17
needed by cows per day, 5-5-56, p. 37
pipe, to pasture, 5-19-56, p. 14
piped into hog and poultry houses saves time, 9-15-56, p. 61
pipes, farm, cover with old hay, straw or corn cobs, exposed places on, 2-4-56, p. 34
rights in state of Iowa, 8-18-56, p. 50
saving methods more necessary with new hybrid corn varieties, 2-18-56, p. 93
some guess work involved in drilling for, 7-21-56, p. 14
systems conference, I.S.C., April 25-27, 4-21-56, p. 81
underground, well driller answers questions about, 1-21-56, p. 38
use, efficient, 12-1-56, p. 25
used by alfalfa, 12-1-56, p. 25
used by sweet corn, 12-1-56, p. 25
used per day by people, livestock and poultry, 5-19-56, p. 14
who owns, 8-18-56, p. 50
witch, better hire a, 2-18-56, p. 58
you use more, if it's handy, 9-15-56, p. 103
Waterers, automatic electrically heated, increase hog gains, 9-15-56, p. 40
for growing pullets, keep in shady place and scrub daily, 8-4-56, p. 17
Watershed conference, third national, Lincoln, Nebr., Sept. 18-20, 9-15-56, p. 93
congress, third national, Lincoln, Nebr., Sept. 18-20, 8-18-56, p. 84; 9-1-56, p. 65
problems? got, 3-17-56, p. 72
projects, USDA help on, 3-17-56, p. 73
Watersheds, two, in Iowa approved for planning assistance, 7-21-56, p. 50
Waterways, grassed, established in Aug. and Sept., 8-18-56, p. 78
grassed, help control erosion, 3-17-56, p. 72
grassed, improved by mowing, 8-4-56, p. 17
Weaned pigs, early, need palatable feed, easy to digest, highly fortified with antibiotics, 8-18-56, p. 6
Weaning, early, cut litter size, 4-21-56, p. 32
early, enables raising more pigs without additional labor etc., 5-5-56, p. 62
pigs earlier, what farmers say about, 2-18-56, p. 21
Weed control conference, North Central, Chicago, Dec. 10-12, 11-17-56, p. 45; 12-1-56, p. 38
control experts compare notes, 1-7-56, p. 20
control measure for corn and soybeans, 5-5-56, p. 33
control practices important, cultural, 1-7-56, p. 20
control program for soybeans, 5-5-56, p. 43
eradication, soil bank acres means of, 7-21-56, p. 51
killers and grasshopper poison don't work well together, 6-2-56, p. 24
Weeds, broadleafed, when to spray, 6-2-56, p. 24
compete with corn for plant food and moisture, 5-19-56, p. 9
easier to control in corn planted with a lister, 4-7-56, p. 99
easiest killed in corn or beans when first leaves appear, 6-2-56, p. 24
grassy and broadleafed, can be killed with rotary hoe, 5-19-56, p. 20
grassy, in corn, harrow and rotary hoe best defense against, 5-5-56, p. 33
in corn and soybeans, two new chemicals for controlling, 1-7-56, p. 20
in corn, cultivate or spray, 5-19-56, p. 20
in soybeans, control, 5-5-56, p. 43
in soybeans, rotary hoe most effective and economical weapon against, 5-5-56, p. 43
Weed spray? use enough, 7-21-56, p. 29
Weevil, sweet clover, new way to control, 3-17-56, p. 40
Weevils, grain, thrive in warm weather, 6-16-56, p. 34
Weigh-a-Day a-Month, 9-1-56, p. 34
Weight shrinkage in animals, cause of, 12-1-56, p. 16
Welder, farm, is good investment, 5-19-56, p. 72
on wheels, homemade, 3-3-56, p. 97
Wells? irrigate from, 1-21-56, p. 38
Well, when you need a, 7-21-56, p. 14
Wheat acreage agreements, farmers signed, 9-1-56, p. 10
acreage agreements must be signed by Sept. 21, 9-15-56, p. 61
feed, is problem, 4-21-56, p. 39
price, Benson yields on, 7-21-56, p. 8
producers voted to continue marketing quotas in 1957, 8-4-56, p. 8
supplies, April 1, U. S., 5-5-56, p. 26
support price, 1957 crop set at $2 per bushel, 7-21-56, p. 50
winter, fly-free dates for seeding, 9-15-56, p. 61
yields enough flour to make 66 loaves of bread, bushel of, 10-20-56, p. 35
Wheelbarrow, three wheeled variety, 9-1-56, p. 24
Whitewash on roof of poultry and hog houses reflects heat from sun, 6-16-56, p. 34
WHO stars for corn belt farm family field days, 6-16-56, p. 66
Will, if you don't make a, 3-17-56, p. 82

debeaking layers prevents losses from, 10-6-56, p. 60
how to control, 6-2-56, p. 39
Chick, broiler, placements expected for the year, 9-15-56, p. 87
hatch above year ago this spring, 5-19-56, p. 52
hatch early in 1956, 5-5-56, p. 54
hatch, Iowa, up 36 percent over last year, 3-17-56, p. 94
hatch, non-broiler, Iowa, up 55 percent, 3-17-56, p. 94
hatch, U. S. up 38 percent over January a year ago, 3-17-56, p. 94
Chick, sex controlled by applying hormone solution, 5-19-56, p. 52
Chicken chores, cut, 2-18-56, p. 78
feed, grain sorghum for, 12-1-56, p. 37
frozen fryers for future use, 5-5-56, p. 54
Chicks baby, heat, feed and water are important to, 3-3-56, p. 78
bred for high egg production best bet, 3-17-56, p. 94
bred for high egg production, buy, 1-21-56, p. 47
bred for high egg production make most money, 2-4-56, p. 67
checked before going to bed may save many, 3-17-56, p. 94
early, more profitable than late chicks, 2-4-56, p. 67
early, move to range when weather warm enough, 4-7-56, p. 84
for next spring should be ordered in January, 1-7-56, p. 43
in January, order, 1-21-56, p. 47
isolate diseased, 4-21-56, p. 64
laying flock replacement, may buy more, 2-18-56, p. 77
move out to range away from buildings, 5-19-56, p. 52
record number hatched in Feb. 1955, 4-7-56, p. 84
should be ordered in February, 2-4-56, p. 67
Coccidiosis, to prevent, 10-6-56, p. 61
Cockerels, dress when ready, 5-19-56, p. 52
farm raised, moving slowly, 10-6-56, p. 60
sell best when dressed, 5-19-56, p. 52
Confinement recommendations for laying and breeder flocks, 6-2-56, p. 23
Cull laying flock, argue whether to, 6-2-56, p. 39
Culling hens too closely, mistake, 12-15-56, p. 25
laying flocks costly because of producing replacements, 6-2-56, 39
Daylight hours, longer, stimulate egg producing organs, 11-17-56, p. 37
Debeak pullets if you have trouble with cannibalism, 6-2-56, p. 39

Debeaker, electric, to stop cannibalism, 12-1-56, p. 35
Debeaking pullets prevents feather picking and cannibalism, 10-6-56, p. 60
Disease prevention may require vaccination, 5-19-56, p. 52
Drafts in laying house, prevent, 12-15-56, p. 25

Egg buyer, Neb., paying more than most Iowa buyers, 7-21-56, p. 47
chemical composition of, 5-5-56, p. 54
coolers, mechanical, will pay for themselves, 7-21-56, p. 47
costs, cut your, 4-21-56, p. 48
delivery routes established easily in larger towns, 9-1-56, p. 52
display case, special, egg sales jumped 40 percent following installation of, 10-6-56, p. 62
grading law, eggs better due to compulsory, 2-18-56, p. 77
grading law should increase egg consumption, 6-16-56, p. 65
grading law, some farm flock owners against, 5-5-56, p. 54
grading means classifying into interior quality grades and weight, 5-19-56, p. 52
law enforcement will be strengthened after July 1, 6-16-56, p. 65
law violations, convictions on, 6-16-56, p. 65
marketing cost, midwest, 21½ cents per dozen, 11-17-56, p. 37
price, U. S. parity 45.4 cents per dozen, 4-7-56, p. 84
prices above last year end of year, 3-17-56, p. 90
prices above last year, 8-4-56, p. 51
prices, average in Iowa and national, 5-19-56, p. 52
prices based on supply and demand, 10-20-56, p. 68
prices, below price received year ago, 3-17-56, p. 94
prices continue down, 11-3-56, p. 42
prices, expected to be above April 1st last year, 3-17-56, p. 94
prices expected to be below last year this fall, 5-19-56, p. 52
prices, lower in Nebraska than Iowa, 12-15-56, p. 25
producers, can expect drop in quality in hot weather, 5-19-56, p. 52
producers get more of consumer dollar than other farm products, 5-5-56, p. 54
producers, Iowa, complain about too many different grades of eggs, 4-21-56, p. 64
production, Aug. U. S. estimated 6 percent above year ago, 10-6-56, p. 60
production, 1954, Butler county ranked 54th in, 9-15-56, p. 87
production cost increased by breakage and feed waste, 2-4-56, p. 67
production costs, efficiency in layer management cuts, 4-21-56, p. 48
production cut if feed skimpy, 2-18-56, p. 77
production drops if water freezes in laying house, 2-18-56, p. 77
production, Feb. 1956 up three percent over Feb. 1955, 4-7-56, p. 84
production, first 3 months, above last year, 5-5-56, p. 54
production, four suggestions for increasing, 4-7-56, p. 85
production, high, chicks cost more when bred for, 4-21-56, p. 65
production higher with all-mash ration, 11-17-56, p. 37
production in Iowa during October continued high, 12-1-56, p. 35
production in nation first 11 months, 1-7-56, p. 43
production in November, 1-7-56, p. 43
production, Iowa, April, 1955, totaled 460 million, 6-2-56, p. 39
production, Iowa, August 1956, set new record, 10-6-56, p. 60
production, Iowa, during September over 1955, 11-3-56, p. 42
production, Iowa, January 1, 1956, 5 percent below, January 1955 record, 3-3-56, p. 78
production, Iowa places 7th per hen, 3-17-56, p. 95
production, Iowa, reached new high in September, 11-3-56, p. 42
production, July, 1956, Iowa, had record high for month, 9-1-56, p. 52
production, June, Iowa farms, 8-4-56, p. 51
production, keep water from freezing for high, 1-21-56, p. 47
production, 1954, Kossuth top Iowa county in, 9-15-56, p. 87
production, limiting feeder space cuts, 10-20-56, p. 68
production pause may mean hens aren't eating enough, 3-3-56, p. 78
production per 100 hens U. S. July, 1956, 9-1-56, p. 52
production should be kept at economical level, 2-18-56, p. 77
production, top, good breeding, management and sound feeding program essential for, 4-21-56, p. 65
production, total during October up 4 percent over 1955, 12-1-56, p. 35
production, total U. S. larger first 4 months 1956, over same period 1955, 6-2-56, p. 39
production, U. S., reached new record in 1955, 2-4-56, p. 67
production, U. S., September 1956 over 1955, 11-3-56, p. 42
production will stay up if hens comfortable on hot days, 7-21-56, p. 28
profit may depend upon efficiency in producing eggs, 2-4-56, p. 67
profit with efficient job of production, can make, 2-18-56, p. 77
profits may depend on preventing feed waste, 4-21-56, p. 48
profits, wasted feed cuts, 11-17-56, p. 38
promotion in January, special, 1-21-56, p. 47
quality from yearling hens not as high as with younger birds, 10-20-56, p. 68
quality, important points in maintaining, 4-21-56, p. 65
quality low, consumers eat other products if, 2-18-56, p. 77
room, increase percent of top quality eggs with, 2-4-56, p. 67
sale promotion by poultry and egg National Board, 5-5-56, 54
scale (Picture), 4-21-56, p. 64
shell quality, what to feed to improve, 7-21-56, p. 47
shells, hens need calcium supplement for, 10-20-56, p. 68
shells, oyster shell or ground limestone needed for, 2-18-56, p. 77
average consumer in hot weather eats fewer, 6-16-56, p. 65
chicken, good food, all ages, 5-5-56, p. 54
clean, bring best price, 6-2-56, p. 39
clean get better price, 8-18-56, p. 65
clean, have better keeping qualities, 2-4-56, p. 67
clean, how to get more, 1-7-56, p. 44
clean should never be washed, 6-16-56, p. 65
clean, should not be washed, 12-1-56, p. 35
cleaner, gathered from community type roll-away nest, 10-6-56, p. 62
cut feed costs of producing, 11-17-56, p. 38
demand determined by consumers, 10-20-56, p. 68
demand for hatching, may cause increase in egg prices, 3-17-56, p. 94
demand for Iowa, increased since grading law, 8-18-56, p. 65
direct to consumers, marketing, most efficient marketing system, 11-17-56, p. 38
dirty, two ways to clean, 3-17-56, p. 80
dirty, wise to eliminate cause of, 3-17-56, p. 80
don't sell any you wouldn't use at home, 8-18-56, p. 65
for breakfast, get youngsters to eat, 1-21-56, p. 47
hens, receiving grit lay more, 11-17-56, p. 37
high quality, bring more money than current receipt eggs, 10-6-56, p. 63
higher quality, more efficiently produced in larger flocks, 10-20-56, p. 68
high quality, with mechanical coolers, 7-21-56, p. 47
how to get more, 4-7-56, p. 85
Iowa, 80 percent sold outside state, 11-17-56, p. 37
kept better in closed containers than wire baskets, 12-1-56, p. 37
laid by farm flocks in Iowa, 5-5-56, p. 54
laid by farm flocks in U. S., 1-7-56, p. 43
large, medium and small, price per dozen compared to price per pound, 8-4-56, p. 51
last year, hens on Iowa farms really shelled out, 3-17-56, p. 95

Tax records start now for next year's, 6-2-56, p. 31
Time to get ready for harvest and summer work, 7-7-56, p. 33
Tractor and other machinery, March last call to ready, 3-3-56, p. 20
Trip, if possible, plan recreation for afternoon with family, 8-4-56, p. 27
keep eyes open for new ideas on, 8-4-56, p. 27
Truckers recommend good loading chute, 4-7-56, p. 91
Vacation, in August, good, 8-4-56, p. 27
Vaccinate pigs when small, 1-7-56, p. 34
"Wash up" center outside kitchen time saver to housewife, 6-2-56, p. 31
Weather is bad, make plans for work when, 1-7-56, p. 34
Window, kitchen, gives view of what's going on around farm, 7-7-56, p. 33
Winterize, time to, 9-1-56, p. 24
Work ahead, make habit planning, 1-7-56, p. 34
all, and no play bad medicine, 8-4-56, p. 27

Research

Aeroderm, spray-on plastic dressing, 9-1-56, p. 55
Agricultural production record 1955 equalled with 1948 with fewer acres, 4-7-56, p. 37
Agricultural research center, Beltsville, Md., over 11,000 visit, 4-21-56, p. 17
Agriculture and related industries, Americans employed in, 10-6-56, p. 51
Alfalfa got 19 percent from fertilizer when 40 pounds phosphate was used, 3-17-56, p. 42
got 35 percent of phosphorus from fertilizer when 120 pounds phosphate used, 3-17-56, p. 42
Americans, 25 million work in agriculture and related industries, 10-6-56, p. 51
Antibiotics boost growth rate in calves first 16 weeks 10 to 36 percent, 2-18-56, p. 83
value after 16 weeks chiefly for health in calves, 2-18-56, p. 83
Apple tree, leaf area of 12 year old, 5-19-56, p. 33
tree, mature, has about 100,000 leaves, 11-17-56, p. 42

tree, mature, needs 4 gallons water per hour, 11-17-56, p. 42
variety, Delacon new, 9-15-56, p. 46
variety, Jonadel new, 9-15-56, p. 46
Ascaricide, new liquid worm medicine, 4-21-56, p. 17
Aureomycin can help reduce losses in livestock, 3-3-56, p. 50
B furan, mixture for control of, 10-20-56, p. 82
Birdsfoot trefoil seed, chemicals help out more, 10-20-56, p. 82
Blindness in young cattle, Vitamin A shortage may produce, 8-18-56, p. 43
Bromegrass sprayed with drying chemicals does not lose moisture as fast, 10-20-56, p. 82
Brucellosis, bovine, program for control of, 8-18-56, p. 43
Butter churned on farms last year, 9-1-56, p. 55
Calories for farmers, about 3,000 per day, 3-3-56, p. 51
Calves, rumen functions in, 3-17-56, p. 42
Canadian farmers, Mar. intentions-to-plant report, 5-19-56, p. 33
Cantaloupe, growers, California get about 29 cents of consumer's dollar, 3-3-56, p. 50
Cartons may replace milk cans, 4-7-56, p. 36
Cattle young, shortage of vitamin A in hay may produce blindness, 8-18-56, p. 43
2,4-D, 2, 4, 5,-T, chemical weed killers, 5-19-56, p. 33
Chemicals, desiccating can help birdsfoot trefoil seed, 10-20-56, p. 82
Chickens, New Hampshire, failed to grow wing feathers, 3-3-56, p. 51
Chicks, newborn have a tooth, 4-7-56, p. 37
Clothing, paper, for hospital gowns, etc., being tested by paper company, 9-15-56, p. 46
Clover, Ladino, virus infections hard on, 3-17-56, p. 42
Cigarettes, 393 billion smoked in U. S. 1955, 2-18-56, p. 83
Coccidiosis in poultry, new mixture for control of, 10-20-56, p. 82
Colchicine produced three new strains in grapes, 1-21-56, p. 53
College or university training, Iowans who started, 10-6-56, p. 51
Copper chromate combination of two chemicals for fence posts, 4-7-56, p. 36
sulfate in water solution for treating fence posts, 4-7-56, p. 36
Corn cobs, ground, with 20 percent molasses equal to grass hay for cattle, 4-21-56, p. 17
fertilization hurried silking, 9-15-56, p. 46
inbred lines of, tougher as weed killer, 3-17-56, p. 42
plants, unsprayed, tests on, 9-15-56, p. 46
producing areas, commercial, less under 1955 allotment, 3-3-56, p. 56
requires relative constant number of days from silking to maturity, 9-15-56, p. 46
rows, plant north and south to start seeding between them, 10-6-56, p. 51
seed, hybrid, treated to protect against seed and soil-borne diseases, 10-6-56, p. 51
silage with urea added increases protein content, 4-21-56, p. 17
treated or untreated, shows little difference in moisture content, 3-3-56, p. 51
vs. molasses on basis of feed value, 4-7-56, p. 36
Cow, dairy, eats 100 pounds of pasture a day, 4-21-56, p. 17
Crops, row, yields cut with deep cultivation of, 4-7-56, p. 37
deep, can cut yields to 50 percent of row crops, 4-7-56, p. 37
Cypress tree estimated to be between 5,000, and 7,000 years, 1-21-56, p. 53
Decay spots in living trees, X-ray to find, 8-18-56, p. 43
Delacon new apple variety, 9-15-56, p. 46
Dogs, long haired, many diseases can be prevented in, 9-1-56, p. 55
Dynafac new feed additive, 9-15-56, p. 46
Electricity, cost of pumping water to 100 hens for year, 4-21-56, p. 17
cost on farms, 9-1-56, p. 55
used in treating rheumatic cows, 4-7-56, p. 37
Extension, county, Iowa, 1955, workers delivered 819, 728 publications direct to individuals, 11-17-56, p. 42
workers distributed 819, 728 publications, 11-17-56, p. 42
Farm land lost to cities for roads, parks, 3-17-56, p. 42
output, U. S. increased more than a third, 3-3-56, p. 50
production increased more than two percent per year, 3-3-56, p. 50
work output per man hour increased, 10-20-56, p. 82
Farming between 1950 and 1955, people moving out of, 1-21-56, p. 53
or farm management, graduates going into, 11-17-56, p. 42
Farms, 1910, 13.6 million people employed on, 10-20-56, p. 82
number of people living on, 1-21-56, p. 53
people on, down 27 percent, 3-3-56, p. 50
U. S. since World War II, situation regarding, 3-3-56, p. 50
Feathers, poultry, meal made from, contain 86 percent protein, 9-15-56, p. 46
Federal program for control of bovine brucellosis reduces disease to 5 percent, 8-18-56, p. 43
Fed additive, Dynafac steps up pig growth, 9-15-56, p. 46
Fence, posts, treated, last longer and rid insects and fungi, 4-7-56, p. 36
Fertilizer, pelleted, has extra benefit on highly acid soils, 9-1-56, p. 55
Fertilizers with nitrogen now possible, 5-19-56, p. 33
Fires, forest, caused by lightening, 9-15-56, p. 46
Fishing, latest development in lures for, 9-15-56, p. 46
Fly, carrier of human diseases, 5-19-56, p. 33
house, travels 15 to 20 miles from release point, 9-1-56, p. 55
how far does a fly, 5-19-56, p. 33
Foods, tonnage, frozen took 67 percent jump for 1955 over 1954, 3-3-56, p. 51
Foot and mouth disease, slaughter—burial method for, 3-3-56, p. 50
Forest, 2,620,000 acres in Iowa, 3-17-56, p. 42
Fruit, preserve, with plastic film, 3-3-56, p. 50
Fuel, liquid petroleum, used by farmers in 1953, 3-3-56, p. 51
Geiger counter used in selecting sheep breeding stock, 5-19-56, p. 33
Gibberellic acid, growth regulating chemical, 9-1-56, p. 55
Gilts, full feeding, decreases litter size, 3-17-56, p. 42
Grain, does it pay to store on farm, 9-15-56, p. 46
stored, how to reduce losses in, 10-6-56, p. 51
Grape varieties produced with new drug colchicine, 1-21-56, p. 53
Grass, quack, fertilization helps kill, 3-17-56, p. 42
seeded with legumes decreases winter killing, 3-17-56, p. 42
Groceries, statistics on how often Iowa farm homemakers, shopped for, 10-6-56, p. 51
Growth regulating chemical, 9-1-56, p. 55
4-H boys, girls, Iowa enrollment 1955 over 50,000, 11-17-56, p. 42
Heart disease, eating high protein foods may reduce, 10-20-56, p. 82
Heifers, first calf, need more feed per 100 pounds than older cows, 1-21-56, p. 53
Hen, laying, prediction of weight and egg production of, 4-7-56, p. 36
Highway, modern, takes 30 to 50 acres of land for mile, 3-17-56, p. 42
Hog hair, used in automobile carburetors, 4-21-56, p. 17
raisers, desirable characteristics in sires and dams noted by, 9-15-56, p. 46
Hogs, fat, too much means small litters, 9-15-56, p. 46
Human body, amount of water needed by, 4-21-56, p. 17
Infections, virus, affects yield loss from 40 to 54 percent on Ladino clover, 3-17-56, p. 42
Insecticides, soil, more farmers using, 11-17-56, p. 42
Iowans, 28,000, graduated from high school last spring, 10-6-56, p. 51
Jonadel new apple variety, 9-15-56, p. 46
Kilowatts used in operating appliances in Black County, Iowa, 10-6-56, p. 51
Lamb and mutton, 1954, one-half produced distributed to three states, 3-17-56, p. 42
Legumes seeded with grass prevents winter killing, 3-17-56, p. 42
Lettuce yields increased with nitrogen fertilizers, 5-19-56, p. 33
Leukosis disease in young birds, method used to stop, 3-3-56, p. 51
Lightning, western states, blamed for more than 6,000 forest fires, 9-15-56, p. 46
Loans, mortgage, 1955 more than any year except 1943, 2-18-56, p. 83
Lunches, school, consumed by 10 percent more children over a year ago, 2-18-56, p. 83
Machinery, average investment 40 years ago and now in, 11-17-56, p. 42
farm, estimated value of, 9-1-56, p. 55
Meat, animal numbers, Iowa leads nation in, 8-18-56, p. 43
supply, 20 to 25 percent consumed in public eating places, 5-19-56, p. 33
Milk fluid, average consumption per person per day, 10-20-56, p. 82
cow's, vitamin B^{12} content in, 11-17-56, p. 42
90 percent human consumption from domestic cattle, 3-17-56, p. 42
production slows in hot weather, 8-18-56, p. 43
school program, approved by 48 percent schools more over last year, 2-18-56, p. 83
Missouri river carries 160 million tons silt past Council Bluffs each year, 4-7-56, p. 37
Molasses cheaper than corn to feed, 4-7-56, p. 36
five year average use for livestock, 4-7-56, p. 36
70 percent used for livestock feed, 1955, 4-7-56, p. 36
Mushrooms, look for lower cost, 9-15-56, p. 46
1955 retail value of, 4-21-56, p. 17
"N-Dure" useable by manufacturers for complete fertilizer, 5-19-56, p. 33
Nitrogen good for lettuce, 5-19-56, p. 33
Oat hay can cause nitrate poisoning if damp, 4-7-56, p. 37
seed, 40 percent is treated, 11-17-56, p. 42
tillering increased by adding high levels of nitrogen, 11-17-56, p. 42
Oats grown in tests, required certain number of heat units for maturity, 11-17-56, p. 42
Parasites, internal, worm control drug for, 10-20-56, p. 82
Pasture clippings, cost of feeding to cattle, 4-21-56, p. 17
Peaches divided into three classes—firm, firm ripe and ripe, 3-3-56, p. 50
Peas, partridge, promising crop for rebuilding run-down soils, 10-6-56, p. 51
Phenothiazine, low levels, for control of internal parasites, 10-20-56, p. 82
Pig growth, 2 factors unidentified required for, 10-20-56, p. 82
rations, increase gains by adding 10 percent tallow to, 5-19-56, p. 33
Pigs, reduction of cost by a third by using roughage, 2-18-56, p. 83
Plants need of water depends upon weather, 4-7-56, p. 37
Plastic liners for leaky ponds, 11-17-56, p. 42
used for bandaging animal wounds, 9-1-56, p. 55
Plastics to take bigger place on farm, 1-21-56, p. 53
Pond, plastic liner may be answer to leaky, 11-17-56, p. 42
Population increases less than two percent per year, 3-3-56, p. 50
Pork production, record, is being eaten up, 3-3-56, p. 50
Potato crop 1955 up 7 percent over 1954, 2-18-56, p. 83
Protein content increased in corn silage by adding urea, 4-21-56, p. 17
value in animal diet, 3-17-56, p. 42
Pumpkins make good feed for dairy cows, 3-3-56, p. 50
Rabies vaccine new, much less lengthy and painful, 3-3-56, p. 50
Rustleometer used to analyze sound of fabrics, 10-20-56, p. 82
Seeder, 3-way range, developed by University of Wyoming engineers, 8-18-56, p. 43
Sheep, select breeding stock with a Geiger Counter, 5-19-56, p. 33
Silage hay, chopped compared with unchopped silage, 4-7-56, p. 36
in storage, cost of harvesting and placing corn stalk, 4-21-56, p. 17
Soap loses to synthetic detergents, 5-19-56, p. 33
Sodium chromate in water solution for fence posts, 4-7-56, p. 36
Sow's ration, good quality roughage reduces cost one third in, 2-18-56, p. 83
State's losing farm land to expansion of cities, roads, etc., 3-17-56, p. 42
Steer, 1,000 pounds equals about 140 pounds steak, 4-21-56, p. 17
Sugar producers, Hawaii, use chemical to step up sugar content in cane, 10-20-56, p. 82
Tallow added to pig rations increased gains, 5-19-56, p. 33
Telephone bill, national average farm, 2-18-56, p. 83
party line, survey taken on, 2-18-56, p. 83
Temperature important to chickens, 4-16-56, p. 46
Textiles, evaluation going mechanical of, 10-20-56, p. 82
Tillage, deep, didn't help soil moisture in Kansas tests, 8-18-56, p. 43
Tires, truck, have 8 miles wire reinforced tread, 3-17-56, p. 42
Tobacco, annual use per person, 3-17-56, p. 42
Tomatoes, growing for market, not easy or cheap, 9-15-56, p. 46
Tree, Cypress, oldest living thing on earth, 1-21-56, p. 53
Trees, x-ray used to determine decay spots, 8-18-56, p. 43
Wage earner, 1952 worked 51 hrs. to buy month's groceries, 9-15-56, p. 46
Water, fresh, greatest use is for irrigation, 1-21-56, p. 53
100 gallons per day for each child under 2 years, 9-1-56, p. 55
needed by plants, weather affects, 4-7-56, p. 37
needed per day by human body, 4-21-56, p. 17
needed to refine barrel of oil, 1-21-56, p. 53
Weed control chemicals pay off in corn, 9-15-56, p. 46
killers, chemical, don't last long in soil 5-19-56, p. 33
Weiners, average amount consumed, 4-7-56, p. 37
Whale catch, Iceland, largest in 10 years, 2-18-56, p. 83
Wool, per sheep more, 4-7-56, p. 36
Workers per farm decreased 40 percent since 1910, 10-20-56, p. 82
Worm, medicine, for hogs and chickens new, 4-21-56, p. 17
Worms sprayed on plants kills insects, 4-7-56, p. 37
Wounds, animal, spray on plastic dressing on, 9-1-56, p. 55

Service Bureau

ASC can measure your land, 6-16-56, p. 41
CCC grain, wants to store, 9-1-56, p. 26
Accidents, fatal traffic, in Iowa, 2-18-56, p. 67
Agricultural booklets, wants, 6-16-56, p. 40
Alfalfa used as hog pasture saved corn and protein supplement, 7-7-56, p. 32
Aliens subject to draft, 5-19-56, p. 26
Annuity, wants to buy, 12-15-56, p. 18
Army, wants son out of, 4-21-56, p. 51
Attorney (Estate) fees determined by court, 10-20-56, p. 44
Ballot, how to mark voting, 11-3-56, p. 34
Basement? storm shelter in, 4-21-56, p. 50
Bees in house wall, how to kill, 6-2-56, p. 17
Bin supervisor, wants job as, 4-21-56, p. 50
Birdsfoot trefoil started, best method of get stand of, 3-17-56, p. 71
Broilers, frozen, turn pink, 3-17-56, p. 70
Butchering, hog, how much shrink in, 3-3-56, p. 60
Check that wasn't good, got, 6-2-56, p. 16
Copper utensils, to clean, 2-4-56, p. 50
Corn, can seal only own, 5-5-56, p. 47
grade, can't agree on, 6-16-56, p. 40
imports in 1955, 8-4-56, p. 28
yield, record, 1-21-56, p. 37
Crop insurance rates, are set, how, 12-15-56, p. 18
Death benefit from social security, 2-4-56, p. 50
Deaths on increase, highway, 8-4-56, 56, p. 28
Dog killed by auto, get advice of attorney, 10-20-56, p. 44
Draft board clerk, duties of, 9-1-56, p. 26
Draftees are selected, how, 9-15-56, p. 52
military duty for, 10-6-56, p. 10
Egg check bounced, 5-19-56, p. 27
law, convictions under Iowa, 7-7-56, p. 31
law, when exempted from provisions of, 10-20-56, p. 45
Eggs, can sell own, 10-20-56, p. 45
Estate, regarding settling, 10-20-56, p. 44
tax on $80,000, how much, 9-1-56, p. 26
Farm lease, how to cancel your, 10-20-56, p. 45
safety contest, Iowa, 7-7-56, p. 31
tenancy, provisions of Iowa Code concerning termination of, 10-20-56, p. 45
wants loan to buy, 6-2-56, p. 17
Farmers' share of loaf of bread, 6-16-56, p. 41
Feed, bought "magic," 4-21-56, p. 50
bunk, exposed iron should be painted on, 1-21-56, p. 37
from unstairs bin, system with no lifting or stooping to get, 3-17-56, p. 71
Feed, "magic," bought, 4-21-56, p. 50
must show analysis, 2-18-56, p. 66
when buying, read analysis tag, 5-5-56, p. 47
Fence, must trim hedge partition, 11-3-56, p. 34
Fire, must control, 11-17-56, p. 48
Fishing laws, private ponds, depends where stocked, 5-5-56, p. 47
Flies, bot, sheep bothered by, 11-17-56, p. 49
Freezers, home, are taxable, 3-3-56, p. 61
Fuel oil in his well, 7-7-56, p. 31
Gas tax refund, how to claim, 8-18-56, p. 36
Grain, wants to store CCC, 9-1-56, p. 26
Grass for lawns, Zoysia, 8-4-56, p. 28
Grasshoppers in vegetable garden, control, 7-7-56, p. 32
spray, when cool, 7-7-56, p. 32
Gravel? how divide cost of road, 5-19-56, p. 26
Gyps in home improvement, 3-3-56, p. 92
Hail insurance, may have to pay, 12-1-56, p. 20
Hatchery license, may need, 8-18-56, p. 37
Hog house, year-round, 2-18-56, p. 66
pastures cut protein cost, good legume, 7-7-56, p. 32
Home improvement, investigate before signing contract for, 3-3-56, p. 92
Insurance on his claim, wants, 4-7-56, p. 75
Items you didn't order, don't pay for, 8-4-56 p. 28
Killed by cars, how many Iowans, 2-18-56, p. 67
Lease doesn't change liability, as rule, 5-5-56, p. 47
Lease? move before end of, 9-15-56, p. 53
Legal questions to service bureau, 3-3-56, p. 61
Letter, waiting for an answer to your, 3-3-56, p. 94
Loan, needs $2,000, 10-6-56, p. 10
Military duty for draftees, 10-6-56, p. 10

What's Ahead

Alfalfa seed supplies under last year, 11-3-56, p. 63
Barley loans below last year, 1956, 2-18-56, p. 103
Bean prices, average over last 4 years indicates April highest for, 3-17-56, p. 115
support loan national average $2.15, 3-17-56, p. 115
Beans, sealing price $2.15 for, 6-16-56, p. 71
Beef, expect big supplies of, 2-4-56, p. 87
Broiler hatch continues large, 8-4-56, p. 59
supplies expected above last year, 11-3-56, p. 63
Bromegrass; Timothy seed production small this year, 10-20-56, p. 95
Calves, feeder, yearlings and two year olds, late October estimates on, 11-3-56, p. 63
steer and heifer, offered feeders this fall highest on record, 8-18-56, p. 91
Cattle and calves on feed January 1 above totals of one year ago, 2-4-56, p. 87
and hogs, top of production cycles in, 1-21-56, p. 71
fat, best time to sell, 12-15-56, p. 39
fat, fall good time to sell, 4-21-56, p. 87
fat, market best, will come in period ahead of short feds, 8-18-56, p. 91
fat, this fall, lower supplies and price improvement for, 5-19-56, p. 75
feeder, big runs compared to last year about over, 11-17-56, p. 55
feeder, number to come to market yet, 10-20-56, p. 95
feeder prices, general drouth is sure to reduce, 7-7-56, p. 39
feeding increased in 13 states over last year, 11-3-56, p. 63
feeding in Iowa above last year, 11-3-56, p. 63
feeding reduced this season in California, 10-20-56, p. 95
fewer light, fed than year ago, 4-7-56, p. 111
grass fed, less favorable for profits, 4-21-56, p. 87
grass, less competition between feeder buyers and packers for, 4-7-56, p. 111
heavy, taken out for short feeding now run into competition when marketed, 10-20-56, p. 95
herds, beef, are changing, 8-18-56, p. 91
light weight, make up larger percent of feeder cattle, 8-18-56, p. 91
movement slowed up in November, 12-1-56, p. 47
movement, stocker and feeder, larger since July 1 than year before, 9-15-56, p. 115
numbers, total show no decrease for this year, 6-2-56, p. 55
on feed, fewer this year than last, 5-5-56, p. 79
plain, better to sell this summer rather than hold until fall, 4-21-56, p. 55
prices, fat, could go above last fall's levels, 2-4-56, p. 86
prices, fat, higher months ahead, 8-4-56, p. 59
prices, fat, likely to average little higher in last half of this year than last year, 6-2-56, p. 55
prices, fat, lost over $4 of $6 in late summer, 12-15-56, p. 39
prime, should stay in good demand, 10-6-56, p. 83
prospective supplies of fat, indicate prices below first half of this year, 2-4-56, p. 87
range, good, tend to compete with lower grades, 10-6-56, p. 83
receipts, feeder large with any kind of weather, 7-7-56, p. 39
short-fed, several things point to increase in, 9-1-56, p. 75
short fed, will appear in markets, 12-1-56, p. 47
total keeps going up despite heavy slaughter, 5-19-56, p. 75
Chick hatch up in February and March, 5-5-56, p. 79
production, Feb., 1956, largest of record, 4-7-56, p. 111
Chicks, early, best bet this year, 1-7-56, p. 55
early, more produced this year than last year, 8-18-56, p. 91
Corn acreage allotments cut severely, 2-18-56, p. 103
acreage, farmers' intentions Mar. 1 were for 3.5 percent reduction in, 6-16-56, p. 71
acres much, allotments will not reduce, 2-18-56, p. 103
acres reduced through allotments or soil bank, bean acres will go up, if, 3-17-56, p. 115
cheaper to feed in nearly all cases, 11-17-56, p. 55
crop, Iowa, estimated 543 million bushels, 7-21-56, p. 55
crop, June almost insured high quality, 7-7-56, p. 39
crops are made in July and August, 3-17-56, u. 115
farmers sealing lots of, 4-21-56, p. 87
free might be limited this fall, 7-7-56, p. 39
loan, government, last day, May 31, 5-5-56, p. 79
loans, none, unless farm program complied with, 12-1-56, p. 47
loans returned to 90 percent of parity, possibility, 4-7-56, p. 111
loans, will it pay to comply with allotments, 5-5-56, p. 79
old and new, in storage total 4.5 billion bushels, 11-3-56, p. 63
old, in storage total 1.2 billion bushels, 11-3-56, p. 63
on farms, April 1, U. S. above last year; Iowa farms down 10 percent, 5-5-56, p. 79
on Iowa farms down 10 percent, 5-5-56, p. 79
1956, price supporting loans on, 2-18-56, p. 103
price supports, lower, 12-1-56, p. 47
prices at harvest depend on moisture content of corn, 9-15-56, p. 115
prices depend on extent of sealing, 11-3-56, p. 63
prices, factors likely to reduce, 12-15-65, p. 39
prices in western corn belt above eastern corn belt, 1-7-56, p. 55
prices unlikely to be lower than $1.15, 6-16-56, p. 71
prices will vary by areas after harvest this year, 9-1-56, p. 75
raisers have less competition this year than last from all feed grains, 9-1-56, p. 75
reseal provision above last year, 8-4-56, p. 59
supplies available for feeding lower than last year, 1-7-56, p. 55
supplies, free, are shrinking, 4-21-56, p. 87
under loan or purchase agreement, expected bushels of, 1-7-56, p. 55
Cow slaughter, 1956, not much higher than year before, 11-17-56, p. 55
Crop acreages, contributing factors for uncertainty in, 6-16-56, p. 71
acreages never more uncertain than for this year, 6-16-56, p. 71
plans on loan basis, safer to make, 3-17-56, p. 115
Dairy supports raised, 5-5-56, p. 79
Dairymen's prospects appear more favorable, 1-7-56, p. 55
Dollar, consumer's food, farm and marketing shares of, 2-18-56, p. 103
Egg layers next winter may total about 2 percent above last winter's flocks, 3-3-56, p. 107
producers can expect 2 percent more young layers than year before, 9-15-56, p. 115
production this winter and spring could be 5 percent above year before, 10-20-56, p. 95
production will be larger than last season, 9-15-56, p. 115
production will decline in months ahead, 7-7-56, p. 39
price decline earlier this year, 7-21-56, p. 55
prices, prospect is for lower next winter, 3-3-56, p. 107
prices should remain above last year's levels, 7-7-56, p. 39
prices to stay above last year's until early fall, 7-21-56, p. 55
profits likely to improve by fall 1957, 12-1-56, p. 47
supplies thru winter expected heavier, 7-21-56, p. 55
cold storage, smallest in July, 8-4-56, p. 59
Farm labor productivity (Chart), 9-1-56, p. 75
population and farm income, trends in (Sketch), 12-15-56, p. 39
products, continuance of steady demand for, 4-7-56, p. 111
Farmers, grain and livestock, prospects in 1957 for, 12-15-56, p. 39
increase crops faster than population increases, 3-17-56, p. 115
Farmer's share of consumer's food dollar (Sketch), 2-18-56, (p. 103
Feed grain per livestock unit about same for year ahead as last, 10-20-56, p. 95
grain production, three things reduced, 2-18-56, p. 103
grain stocks up in 1955, 2-4-56, p. 87
prices lower next year, odds long that, 12-15-56, p. 39
Feeder cattle available for at least 4 to 6 weeks, 10-6-56, p. 83
cattle for sale, lots of, 10-20-56, p. 95
prices, lower, predicted, 10-20-56, p. 95
steer weights, average, 12-1-56, p. 47
steer weights indicate no reduction in beef tonnage, 12-1-56, p. 47
Feeding, short, in and out early rule for, 10-20-56, p. 95
Flax, higher supports promised for this year's crop of, 1-21-56, p. 71
Flocks, laying, next Jan. may be moderately larger than last January, 6-2-56, p. 55
Grain production expected, no big reduction in, 2-18-56, p. 103
supplies plentiful for feeders, 2-4-56, p. 87
Grains, feed, four, 1956-57, total supply estimated at 152 million, 11-17-56, p. 55
feed, less plentiful, 8-4-56, p. 59
Grass and legume seeds, suggest buy early, 12-1-56, p. 47
Hay condition, Iowa, May 1, 6-2-56, p. 55
costly this year, 7-21-56, p 55
crop will be short in western corn belt, 6-2-56, p. 55
yields down 30 percent from last year, 7-21-56, p. 55
Hog cut in spring pig crop is in late pigs, 5-19-56, p. 75
increase not even through year, 1-7-56, p. 55
market supplies for fall will be indicated by annual June pig crop report, 6-16-56, p. 71
marketing may have hit top of production cycle, 5-5-56, p. 79
marketing, Iowa, higher than same time last year, 6-2-56, p. 55
price comparison last half of this year with last year, 6-2-56, p. 55
price declines after Sept. have come for 50 years with one exception 10-6-56, p. 83
price usually declines after summer peak, 4-21-56, p. 87
prices about $6 lower than winter season of 1951-1952, 1-21-56, p. 71
prices, April to June, should gain over last year, 12-15-56, p. 39
prices in 1957, higher, 4-7-56, p. 111
prices, light, 1955 and 1956 (Chart), 7-7-56, p. 39
prices, light, from July to Dec. last year, 6-2-56, p. 55
prices likely to be steady, 7-21-56, p. 55
prices likely to stay $2 under prices year ago, 4-21-56, p. 87
prices, low point in Dec. last 4 years, 10-20-56, p. 95
prices, low point usually comes in December, 3-3-56, p. 107
prices rose rapidly middle of May, Reason, 6-2-56, p. 55
prices should get lift from 8 percent reduction in pork, 7-7-56, p. 39
prices steady or stronger, late farrowed pigs ready for market, 8-4-56, p. 59
prices, summer peak averages $4 above the fall low, 3-3-56, p. 107
prices, this fall, expected to be about same as last fall according to present surveys, 3-3-56, p. 107
prices, trend to continue toward earlier summer peak in, 3-3-56, p. 107
prices trend downward next two months, 8-4-56, p. 59
prices, when to market for best, 5-19-56, p. 75
production cycle, we're in, 8-4-56, p. 59
production, farmers have cut, 4-7-56, p. 111
receipts, big, start with January, 1-7-56, p. 55
receipts definitely lower than same months last year, 10-6-56, p. 83
receipts depends on intentions to market, 11-3-56, p. 63
receipts go up sharply after Sept. 10-6-56, p. 83
receipts probably continue above last year's level, 7-7-56, p. 39
receipts, rapid increase ahead in, 9-1-56, p. 75
sales, Iowa, March 8 percent above sales for March, 1955, 3-3-56, p. 107
supplies for year ahead 8 percent below totals for last year, 7-7-56, p. 39
supplies same as year before until Oct., 7-21-56, p. 55
supplies this year above last year, 1-7-56, p. 55
totals expected lower in 1957, 1-21-56, p. 71
for market first half 1957, number of, 11-17-56, p. 55
increased 10 percent 1955 over 1954, 5-19-56, p. 75
in January, estimated sale of, 1-7-56, p. 55
in Sept., estimates are that Iowa farmers will sell 12 percent more, 9-1-56, p. 75
light, will get higher prices and bigger gross receipts, 8-18-56, p. 91
marketed in February 10 percent above year ago, 2-4-56, p. 87
marketed 10 lbs. lighter than year ago, 4-21-56, p. 87
shipping to eastern corn belt markets not likely to pay this year, 9-15-56, p. 115
Income, farm, since 1952, 12-15-56, p. 39
of farm operators (Sketch), 4-7-56, p. 111
Lamb feeders can expect more fat lambs on markets than year ago, 11-17-56, p. 55
Meat production prospects heavy for another year, 1-21-56, p. 71
production, red, above 1955, 8-4-56, p. 59
production, red, per person in 1955, 2-4-56, p. 87
production, slightly smaller, 9-15-56, p. 115
Milk production above last year, 5-5-56, p. 79
production last year above previous record, 1-21-56, p. 51
production may set new high record, 1-7-56, p. 55
Oats and rye loans, 1956, reduced, 2-18-56, p. 103
good year to store, 7-7-56, p. 39
supplies down, 11-17-56, p. 55
yield down 44 percent from last year, 7-21-56, p. 55
Olive oil, bad weather in Europe hurts prospects for, 3-17-56, p. 115
Parity, possible effects if corn returned to 90 percent of, 4-7-56, p. 111
Pasture but no cattle, facts to know if you have, 3-17-56, p. 115
Pig crop cut, two things might prevent, 9-15-56, p. 115
crop, fall, better prices if farrowed late on, 6-16-56, p. 71
crop, fall, this year will be 8 percent under year ago, 10-6-56, p. 83

crop report, June, out soon, 5-19-56, p. 75
crop, spring, 1957, 4 percent reduction from this year, 10-6-56, p. 83
crop starting to market, big fall, 2-4-56, p. 87
crops cut again, no high hog profits until, 7-7-56, p. 39
peak prices expected late June or July, 4-21-56, p. 87
production cut not enough to justify sow increase for spring pigs, 11-17-56, p. 55
production increases in last 2 years (Sketch), 6-2-56, p. 55
production, not time to increase, 7-7-56, p. 39
Pigs, early, bring btter prices, 12-1-56, p. 47
Jan. 1 livestock census, under 6 months old 12 percent more than one year earlier (picture), 3-3-56, p. 107
late spring, may hit low market, 12-1-56, p. 47
Population, farm, past 20 years, 12-15-56, p. 39
increase over 2 million per year, 3-17-56, p. 115
Poultry feeding shows big increase, 10-20-56, p. 95
in competition to meat producers, 8-4-56, p. 59
meat competition strong thru year, 11-3-56, p. 63
production above 1955, 8-4-56, p. 59
Precipitation, Iowa, below normal for 10 straight months, 3-17-56, p. 115
Price peak for packing sows, August and September highest months for, 6-16-56, p. 71
Prices, cattle, wide range between top and lower grades will continue, 12-1-56, p. 47
Protein feed supply likely to be plentiful for another year, 5-19-56, p. 75
feeds should be good buy this fall and winter, 10-6-56, p. 83
Rainfall needed in Iowa, more than normal, 2-18-56, p. 103
normal, for April and May, 4-21-56, p. 87
Red clover seed supply above last year, 11-3-56, p. 63
Roughage this year scarce and higher priced, 6-2-56, p. 55
Seed, grass, good year to harvest all, 7-31-56, p. 55
Sheep: lambs moving to farms 21 percent above year before, 11-17-56, p. 55
and lamb totals, Iowa, down 20 percent, 2-4-56, p. 87
and lamb feeders not expanding operations, 2-4-56, p. 87
numbers down half since the forties, 1-21-56, p. 71
Slaughter of cattle and calves this year may exceed last year's record, 3-3-56, p. 107
Soil bank program sign up indicates heavy participation next year, 8-18-56, p. 91
bank program won't affect corn acreage or production much this year, 8-18-56, p. 91
Sows cut for fall pigs desirable for profitable price next spring, 4-21-56, p. 87
for spring pigs, farmers likely to reduce, 9-15-56, p. 115
that have weaned pigs bring highest prices in Sept., 9-15-56, p. 115
Soybean acreage up over last year, 6-16-56, p. 71
crop larger than feed grain crops, 10-6-56, p. 83
glut certain if wather remains good, 8-4-56, p. 59
holdover will be small, 9-1-56, p. 75
price $2.15 if farmers seal enough under government program, 10-6-56, p. 83
price, national average $2.15, 9-1-56, p. 75
prices could rise if sealed heavily, 11-3-56, p. 63
prices depend on acreage and weather, 5-5-56, p. 79
prices hold near $2.15 if farmers put under loan when bids less than net, 10-20-56, p. 95
prices stimulated by Suez canal closing, 12-1-56, p. 47
prices up, reasons why, 12-15-56, p. 39
Soybeans gone by, time for sealing, 2-18-56, p. 103
government has announced new policy on sale of, 10-20-56, p. 95
higher supports promised for this year's crop of, 1-21-56, p. 71
loan, last day to redeem, May 31, 5-5-56, p. 79
loans on 1956, increased over last year, 2-18-56, p. 103
old, holding, becomes speculative, 7-21-56, p. 55
moving off farms rapidly, 2-4-56, p. 87
need not be sold below net return realized from loan, 10-6-56, p. 83
than last year, have more, 12-1-56, p. 47
Steer total in country up 14 percent Jan. 1 over year ago, 5-19-56, p. 75 (Picture)
Steers feeder, 1 to 2 years old, Jan. 1 total one-seventh above one year before, 3-3-56, p. 107
Subsoil, dry, may be problem next spring, 10-20-56, p. 95
Turkey growers plan to increase production, 2-4-56, p. 87
Water reserve in Iowa subsoil, no, 2-18-56, p. 103
Wool incentive, better than parity prices, 12-1-56, p. 47
incentive or production payments unchanged for 1957, 12-1-56, p. 47
prices, higher, didn't increase quantity produced 8-18-56, p. 91
prices supported by production payments, 1-21-56, p. 71

What's New

Air-Aerator, George A. Rolfes, Co., Boone, Iowa, 3-3-56, p. 106
Applicator for putting granular DDT into corn whorls, Western Land Roller Co., Hastings, Nebraska, 7-7-56, p. 38
Applicator, insecticide, E. S. Gandrud Co., Inc., Owatonna, Minnesota, 6-2-56, p. 54
Applicator (nitrogen), Tryco Mfg. Co., Inc., 1690 N. Calhoun St., Decatur, Illinois, 2-4-56, p. 86
Attachment (seeder), Glasnapp Mfg. Co., Yetter, Iowa, 1-7-56, p. 54
Axle assembly, new, Lundell Mfg. Co., Cherokee, Iowa, 12-1-56, p. 46
Bait station for rodents, Pioneer Rodent Control Inc., Lake Geneva, Wisconsin, 12-1-56, p. 46
Bale-O-Veyor, IML Engineering & Mfg. Corp., Columbia City, Indiana, 6-16-56, p. 70
Baseboard, Wiremold Co., Hartford 10, Conn., 5-5-56, p. 78
Bed, warm, for pigs, Cresco Industries, Cresco, Iowa, 12-1,56, p. 46
Bowl (water), James Mfg. Co., Fort Atkinson, Wisconsin, 4-21-56, p. 110
Building (supported by steel frames), Pruden Products Co., Evansville, Wisconsin, 5-19-56, p. 74
Chains (tire), The Thomas Co., 1645 Hennipin Avenue, Minneapolis 7, Minnesota, 1-21-56, p. 70
Chizel, Engineers Tool Co., 116-118 West Main Street, Lake City, Iowa, 10-6-56, p. 82
Chute, livestock, Ranger Products Co., Delphi, Indiana, 7-21-56, p. 54
Clothes line (spring powered) Reelway Products Co., 214 Phoenix Bldg., Minneapolis, Minnesota, 3-17-56, p. 114
Corn picking unit, International Harvester Co., 180 North Michigan Avenue, Chicago 1, Illinois, 5-5-56, p. 78
snapper, mounted, New Idea Farm Equipment Co., Coldwater, Ohio, 7-4-56, p. 58
Crate, farrowing and pen, Starline, Inc., Harvard, Illinois, 11-17-56, p. 28
Crop dryer, Iowa Concrete Crib and Silo Co., Des Moines, Iowa, 3-3-56, p. 38
Cutter, brush, Southworth Machine Co., Portland, Maine, 12-15-56, p. 38
Cutting edge, Zig-Zag, Lantz Mfg. Co., Valparaiso, Indiana, 3-17-56T, p. 114
DDT (corn borers), Noble Mfg. Co., Sac City, Iowa, 3-3-56, p. 38
DDT (granular), Fleischer-Schmid Corp., Columbus, Nebraska, 7-4-56, p. 58
DDT (granular), Comfort Equipment Co., 2609 Walnut, Kansas City, Missouri, 5-19-56, p. 74
Distributor points, special duty electric Auto-Lite Co., Toledo 1, Ohio, 7-21-56, p. 54
Egg cooling unit, Master-Bilt Refrigerator Mfg. Co., 920 Palm Street, St. Louis 7, Missouri, 4-7-56, p. 110
Elevator (portable), Portable Elevator Mfg. Co., Bloomington, Illinois, 4-21-56, p. 110
Embroidery machine, Machine and Supply Corp., 122 West 26th Street, New York, New York, 4-21-56, p. 110
New model engine, Clinton Machine Co., Maquoketa, Iowa, 7-18-56, p. 71
Farrowing Crate, Clay Equipment Corp., 109 Hunt Street, Cedar Falls, Iowa, 1-21-56, p. 70
Feed bunk (Tox-O-Wik), Tatge Chemical Co., Herington, Kansas, 12-15-56, p. 38
Feed table magnet, Viking Mfg., Co., Manhattan, Kansas, 10-20-56, p. 94
Feed tank, bulk, Martin Steel Products Corp., Mansfield, Ohio, 7-4-56, p. 58
Feeder (bunk), Calhoun Mfg. Co., Ind., Cedar Falls, Iowa, 2-18-56, p. 102
Flex-o-fix, Pyroil Co., Inc., La-Crosse, Wisconsin, 3-3-56, p. 38
Floor, for poultry houses, Hawkins Million $ Hen, Inc., Mount Vernon, Illinois, 8-1-56, p. 74
Floor waxer, Polnair Products, Inc., Chicago, Illinois, available at hardware and department stores
Forage blower, new model, New Holland Machine Co., New Holland, Pennsylvania, 6-16-56, p. 70
Fountain, cattle and hog, Ranger Products Co., Delphi, Indiana, 7-7-56, p. 38
Gate (circle stall), Babson Brothers Co., Chicago, Illinois, 4-21-56, p. 42
Gate (farm), Aluminum Co., 1501 Alcoa Bldg., Pittsburg 19, Pennsylvania, 1-21-56, p. 70
Gate, non-rigid farm, Cleveland Hardware & Forging Co., Cleveland 4, Ohio, 11-17-56, p. 28
Grain drying system, Stran Steel Corp., Ecorse, Detroit 29, Michigan, 7-7-56, p. 38
Grinder, cutting-type, Letz Mfg. Co., Crown Point, Indiana, 9-1-56, p. 74
Hangers, pig trough, Moorman Mfg. Co., Quincy, Illinois, 6-2-56, p. 54
Harrow (coil spring), Melrose Mfg. Co., Gwinner, North Dakota, 3-3-56, p. 106
Harrow transport, Yetter Mfg. Co., Inc., Colchester, Illinois, 5-5-56, p. 78
Hay conditioner, Ray Cunningham & Sons, Inc., 501 Gillette Street, La Crosse, Wisconsin, 7-21-56, p. 54
Hay conditioner, Meyer Mfg. Co., Morton, Illinois, 6-16-56, p. 70
Heater, floating tank, H. D. Hudson Mfg. Co., 589 E. Illinois Street, Chicago 11, Illinois, 12-15-56, p. 38
portable, Knickerbocker Products Co., Knipco Division, 1803 Webster Street, Dayton, Ohio, 11-17-56, p. 54
Heaters, tractor, Comfort Equipment Co., 2609 Walnut Street, Kansas City, Missouri,10-20-56, p. 94
Hoe (rotary), Minneapolis-Moline Co., Minneapolis, Minnesota, 5-19-56, p. 74
Hoist converts, Converto Mfg. Co., Inc., Cambridge City, Indiana, 10-6-56, p. 82
Hover, gas, James Mfg. Co., Fort Atkinson, Wisconsin, 8-18-56, p. 90
Husker-sheller, new, Owatonna Mfg. Co., Owatonna, Minnesota, 9-15-56, p. 114
Ironing pad, ventilated, new, J. R. Clark Co., Spring Park, Minnesota, 9-1-56, p. 74
Jam-Alarm for combines, American Iron Works, Inc., 1325 N. E. Quincy, Minneapolis, Minn., 8-18-56, p. 71
Lantern, Burgess Battery Co., 3300 Main, Freeport, Illinois, 7-7-56, p. 38
Legs (folding steel), Welson Products, 1451 East Nine Mile Road, Hazel Park, Michigan, 5-5-56, p. 78
New control lever on spreader, New Holland Machine Co., New Holland, Pennsylvania, 8-18-56, p. 71
Loader (power push), Twin-Draulic Inc., Laurens, Iowa, 3-3-56, p. 38
Loader, new, for tractors, Standard Engineering Co., Fort Dodge, Iowa, 11-17-56, p. 28
Loader-scraper, Risse and Miller, Inc., Eldora, Iowa, 2-4-56, p. 86
Lok-Rib construction, Inland Steel Products Co., Milwaukee, Wisconsin, 8-18-56, p. 71
Lubrication is automatic, Clap-saddle Sales & Service, Whitten, Iowa, 10-20-56, p. 94
Magnet, feed table, Viking Mfg. Co., Manhattan, Kansas, 10-20-56, p. 94
Meter measures, Dairy Equipment Co., 1444-46 E. Washington Avenue, Madison, Wisconsin, 11-3-56, p. 62
Meter, moisture, Radson Engineering Corp., 639 E. Eldora, Decatur, Illinois, 9-15-56, p. 114
Milk cooler, Kupfer Products Co., 4-21-56, p. 42
Mixer, Frohring, R. L., Machine Co., Newburg, Ohio, 11-17-56, p. 54
Mixer-beater, Kelly Ryan Equipment Co., Blair, Nebraska, 11-17-56, p. 28
Mix-O-Vator, Silbaugh Mfg. Co., Division of Dodgen Industries, Humboldt, Iowa, 11-3-56, p. 62
Mix-pail, Wheeling Corrugating Co., Wheeling, West Virginia, 8-18-56, p. 90
Mop, dust, Leisure Industries, Dept. K14, 96-09 Metropolitan Ave., Forest Hills 75, New York
Nail, aluminum, Nichols Wire & Aluminum Co., Davenport, Iowa, 2-5-55, p. 38
Nativity scene, Leisure Industries, Dept. F33, 96-09 Metropolitan Ave., Forest Hills 75, New York, 11-17-56, p. 54
Nest, Roll-Away, new, Storm Industries, Inc., Dassel, Minnesota, 7-21-56, p. 54
Oat huller, Knoedler Mfg. Inc., Streator, Ilinois, 4-21-56, p. 42
Oiler for cattle, Automatic Equipment Mfg. Co., Pender, Nebraska, 12-15-56, p. 38
Paint and plaster product, Reardom Company, 7501 Page Avenue, St. Louis 14, Missouri, 1-7-56, p. 54
Paint, slate-like writing surface, Sapolin Paints, Inc., 229 East 42nd Street, New York, N. Y., 9-15-56, p. 114
Pinning device, Slumber Sure Products, Inc., 481 East Nine, Mile Road, Ferndale 20, Michigan, 2-18-56, p. 102
Plow, new device, Graham-Iowa Sub-Soiler Co., State Center, Iowa, 10-20-56, p. 94
Post-driver, Kewanee Machinery & Conveyor Co., Kewanee, Illinois, 9-1-56, p. 74
Post driver, Dillon's Dilly Driver Co., Galva, Illinois, 8-18-56, p. 90
Post Driver, Shaver Mfg. Co., Graettinger, Iowa, 3-17-56, p. 114
Post-hole digger, Ottawa-Warner Corp., 2609 Walnut, Kansas City, Missouri, 4-21-56, p. 86
Preheater, auto and tractor engines, Phillips Mfg. Co., Inc., 2816 Aldrich Ave., S. Minneapolis 8, Minnesota, 10-20-56, p. 94
Pump for irrigation, Garver Pump Co., Muscatine, Iowa, 6-16-56, p. 70
Pump (deep well), Dayton Pump & Mfg. Co., Dayton, Ohio, 3-3-56, p. 106
Pump, hand, Tokheim Corp., Fort Wayne, Indiana, 9-15-56, p. 114
Releaser, milk and pipeline washer, Farmer Feeder Co., Inc., Chore-Boy Milker Div., Cambridge City, Indiana, 11-3-56, p. 62
Roller (Grain), Farnam Equipment Co., 8701 North 29th Street, Omaha, Nebraska, 1-21-56, p. 70
Roofing of galvanized steel, Ceco Steel Products Corp., 5601 West 26th Street, Chicago 50, Illinois, 11-17-56, p. 54
Salt bowl, Morton Salt Co., 120 South LaSalle Street, Chicago 3, Illinois, 11-17-56, p. 54
Saw, one man, Homelite, Port Chester, N. Y., 7-21-56, p. 54
Scale, for dairymen, Babson Bros. Co., 2843 W. 19th Street, Chicago, Illinois, 8-4-56, p. 58
Scale for hogs, portable, Associated Manufacturers, Waterloo, Iowa, 6-2-56, p. 54
Scissors, grip, Bakelite Co., Div. of Union Carbide & Carbon Corp., 260 Madison Avenue, New York 16, New York, 8-18-56, p. 90
Sewing box (New Window Clear), Bakelite Division, Union Carbide and Carbon Corp., 260 Madison Avenue, New York 16, New York, 4-7-56, p. 110
Sharpener (disk), Allied Equipment Corp., Bloomington, Illinois, 2-4-56, p. 86
Sharpener (knife), Nordheim Steel Products Co., 492 South Grove Street, Galesburg, Illinois, 1-21-56, p. 70
Sheller, Fleischer-Schmid Corp., Columbus, Nebraska, 8-18-56, p. 71
Silage cover, aluminum plastic, Aluminum & Thermoplastics Co., 9-1-56, p. 74
Silo (Jumbo), Martin Steel Products Corp., Mansfield, Ohio, 3-3-56, p. 38
Silo unloader and auger, Clay Equipment Corp., Cedar Falls, Iowa, 11-3-56, p. 62
Silo unloader, Van Duzen & Co., Inc., Wayzata, Minnesota, 10-6-56, p. 82
Feed storage vault, Smoker Farm Elevators, Inc., Intercourse, Pennsylvania, 1-7-56, p. 54
Spreader, Allis-Chalmers Mfg. Co., Milwaukee, Wisconsin, 8-18-56, p. 90
Sprinkler, Mitchell Mfg. Co., Fort Smith, Arkansas, 1-7-56, p. 54
Steel building, Sioux Steel Co., Sioux Falls, South Dakota, 11-3-56, p. 62
span building (post-free), Cuckler Mfg. Co., Monticello, Iowa, 12-15-56, p. 38
Stilts for tractors, Tractor Stilts Co., 4126 North 72nd Street, Omaha, Nebraska, 11-17-56, p. 28
Storage bin (bulk feed), Clayton & Lambert, 1025 Lamneck Street, Middletown, Ohio, 4-7-56, p. 110
Storage vault (for feed), Smoker Farm Elevator, Inc., Intercourse, Pennsylvania, 1-7-56, p. 54
Support for furniture, Childlore Co., 331 Southwest Blvd., Kansas City 8, Missouri, 10-6-56, p. 82
Switch, time, International Register Co., 2624 Washington Blvd., Chicago 12, Illinois, 12-1-56, p. 46
Tank (gas) Goodyear Tire & Rubber Company, Akron, Ohio, 2-18-56, p. 102
Tool (seedbed preparation), Roseman Tractor Equipment Co., 2618 Ridge Road, Evanston, Illinois, 5-19-56, p. 74
Torque converter (offered in tractor), R. H. Sheppard Co. Inc., Hanover, Pennsylvania, 2-18-1956, p. 102
Trough (water), Princeton Welding Shop, Princeton, Illinois, 4-21-56, p. 42
Udder cleaning device, Lewis W. Arton Co., Haddonfield, New Jersey, 3-3-56, p. 106
Umbrella (for tractor), Snow Co., Omaha, Nebraska, 5-5-56, p. 78
Uni-Balor, Minneapolis Moline Co., Minneapolis, Minnesota, 4-21-56, p. 110
Ventilating system, Northco Ventilating Co., Luverne, Minnesota, 10-6-56, p. 82
Wagon (unloading), Dodgen Industries, 301C 5th Avenue, S., Fort Dodge, Iowa, 3-17-56, p. 114
Water softener, home, Lindsay Co., 511 E. 7th Street, St. Paul, Minnesota, 8-4-56, p. 58
Water system, Clayton Mark Co., 1900 Dempster Street, Evanston, Illinois, 2-4-56, p. 86
Wells, pitless adapter, Merrill Mfg. Co., 8101 University Avenue, Des Moines, Iowa, 9-15-56, p. 114
Wind reel, Dunbar Kapple, Inc., Geneva, Illinois, 4-7-56, p. 110
Windrower, Owatonna Mfg. Co., Inc., Owatonna, Minnesota, 6-2-56, p. 54
Wire splicer, Felix Supply Co., Rochester, Minn., 8-18-56, p. 71

Manufacturers What's New

Allied Equipment Corp., Bloomington, Illinois, disk sharpener, 2-4-56, p. 86
Allis-Chalmers Mfg. Co., Milwaukee, Wisconsin, spreader, 8-18-56, p. 90
Aluminum Co., 1501 Alcoa Building, Pittsburgh 19, Pennsylvania, farm gate, 1-21-56, p. 70
American Aluminum & Thermoplastics Co., silage cover, aluminum plastic, 9-1-56, p. 74
American Iron Works, Inc., 1325 N. E. Quincy, Minneapolis, Minnesota, jam-alarm for combines, 8-18-56, p. 71
Associated Manufacturers, Waterloo, Iowa, scale for hogs, portable, 6-2-56, p. 54
Automatic Equipment Mfg. Co., Pender, Nebraska, oiler for cattle, 12-15-56, p. 38
Babson Bros. Co., Chicago, Illinois, circle gate stall, 4-21-56, p. 42
Babson Bros. Co., 2843 W. 19th St., Chicago, Illinois, scale, for dairymen, 8-4-56, p. 58
Bakelite Co., Div. of Union Carbide & Carbon Corp., 260 Madison Avenue, New York 16, New York, scissors, grip, 8-18-56, p. 90
Bakelite Division, Union Carbide and Carbon Corp., 260 Madison Avenue, New York 16, New York, new window clear sewing box, 4-7-56, p. 110
Burgess Battery Co., 3300 Main, Freport, Illinois, lantern, 7-7-56, p. 38
Calhoun Manufacturing Co., Inc., feeder (bunk), Cedar Falls, Iowa, 2-18-56, p. 102
Ceco Steel Products Corp., 5601 West 26th Street, Chicago 50, Illinois, roofing of galvanized steel, 11-17-56, p. 54
Childlore Company, 331 Southwest Blvd., Kansas City 8, Missouri, support for furniture, 10-6-56, p. 82
Clap-Saddle Sales & Service, Whitten, Iowa, lubrication is automatic, 10-20-56, p. 94
J. R. Clark Co., Spring Park, Minnesota, ironing pad, ventilated, new, 9-1-56, p. 74
Clay Equipment Corp., 109 Hunt Street, Cedar Falls, Iowa, farrowing crate, 1-21-56, p. 70
Clay Equipment Corp., Cedar Falls, Iowa, silo unloader and auger, 11-3-56, p. 62
Clayton & Lambert, 1025 Lamneck Street, Middletown, Ohio, bulk feed storage bin, 4-7-56, p. 110
Clayton Mark Co., 1900 Dempster Street, Evanston, Illinois, water system, 2-4-56, p. 86
Cleveland Hardware & Forging Co., Cleveland 4, Ohio, gate, farm, non-rigid, 11-17-56, p. 28
Clinton Machine Co., Maquoketa, Iowa, new model engine, 8-18-56, p. 71
Comfort Equipment Co., 2609 Walnut, Kansas City, Missouri, grandular DDT, 5-19-56, p. 74
Comfort Equipment Co., 2609 Walnut Street, Kansas City, Missouri, heaters, tractor, 10-20-56, p. 94
Converto Mfg. Co., Inc., Cambridge City, Indiana, hoist converts, 10-6-56, p. 82
Cresco Industries, Cresco, Iowa, bed, warm, for pigs, 12-1-56, p. 46
Cuckler Mfg. Co., Monticello, Iowa, steel span building (post free), 12-15-56, p. 38
Ray Cunningham & Sons, Inc., hay conditioner, 7-21-56, p. 54
Dairy Equipment Co., 1444 46 E. Washington Avenue, Madison, Wisconsin, meter measures milk, 11-3-56, p. 62
Dayton Pump and Mfg. Co., Dayton, Ohio, deep well pump, 3-3-56, p. 106
Dillon's Dilly Driver Co., Galva, Illinois, post driver, 8-18-56, p. 90
Dodgen Industries, 3010 5th Avenue, Fort Dodge, Iowa, unloading wagon, 3-17-56, p. 114
Dunbar Kapple, Inc., Geneva, Illinois, wind reel, 4-7-56, p. 110
Electric Auto-Lite Co., Toledo 1, Ohio, distributor points, special duty, 7-21-56, p. 54
Engineers Tool Co., 116-118 West Main Street, Lake City, Iowa, chizel, 10-6-56, p. 82
Farmer Feeder Co., Inc., Chore-Boy Milker Div., Cambridge City, Indiana, milk releaser and pipeline washer, 11-3-56, p. 62
Farnam Equipment Co., 8701 North 29th Street, Omaha, Nebraska, grain roller, 1-21-56, p. 70
Felix Supply Co., Rochester, Minnesota, 8-18-56, p. 71
Fleischer-Schmid Corp., Columbus, Nebraska, DDT (granular), 8-4-56, p. 58
Fleischer-Schmid Corp., Columbus, Nebraska, sheller, 8-18-56, p. 71
Frohring, R. L., Machine Co., Newburg, Ohio, mixer, 11-17-56, p. 54
E. S. Gandrud Co., Inc., Owatonna, Minnesota, applicator, insecticide, 6-2-56, p. 54
